we needf to shut down and defund the cdc. it cannot be trusted. it appears to be criminnally run to destroy america. the machinations they went through to hide the fact that they funded the wuhan lab and tried to discredit scientists who were saying there is early treatment they took away early treatment drugs. they used their long arm to take private companies to deplatform worldwide known scientists to make them lose jobs and take away their medical privileges when they were treating patients and the cdc was nothing but a monetary focused political dictatorship. this agency is horrible. it needs to be deplatrofmred itself. it needs no funding, it needs public investigation of every despicable person who was involved in this worldwide action that killed millins of people. they died, they were paralyzed.the clinical testing was a sham.
