**PART I.--GENERAL INFORMATION**

**Background.**--On August 18, 2017, the Department of Commerce ("Commerce") issued an antidumping duty order on imports of DOTP from South Korea. On July 1, 2022, the Commission instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If both the Commission and Commerce make an affirmative determination, the order will remain in place. If either the Commission or Commerce makes a negative determination, Commerce will revoke the order. Questionnaires and other information pertinent to this proceeding are available at [LINK](#).

**DOTP** covered by this review is dioctyl terephthalate (DOTP), regardless of form. DOTP that has been blended with other products is included within this scope when such blends include constituent parts that have not been chemically reacted with each other to produce a different product. For such blends, only the DOTP component of the mixture is covered by the scope of the order. DOTP that is otherwise subject to the order is not excluded when commingled with DOTP from sources not subject to the order. Commingled refers to the mixing of subject and non-subject DOTP. Only the subject component of such commingled products is covered by the scope of the order.

DOTP has the general chemical formulation  $C_6H_4(C_8H_{17}COO)_2$  and a chemical name of "bis (2-ethylhexyl) terephthalate" and has a Chemical Abstract Service (CAS) registry number of 6422-86-2. Regardless of the label, all DOTP is covered by the order.

DOTP is classified in subheading 2917.39.20 of the Harmonized Tariff Schedule of the United States (HTSUS). It may also be imported under HTSUS subheading 2917.39.70 or 3812.20.10. The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

**Reporting of information.**--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

**Confidentiality.**--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (*see* 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

**Verification.**--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

**Release of information.**--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

**Valid number error messages.**--If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Christopher S. Robinson (202-205-2602, Christopher.Robinson@usitc.gov).

- I-1. **Reporting requirements.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire for use by the Office of Management and Budget.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 30 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please send such comments to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

- I-2. **Establishments covered.**--Provide the name and address of establishment(s) covered by this questionnaire.

**"Establishment"**-- Each facility of a firm in South Korea involved in the production or export of DOTP, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities. Firms operating more than one establishment in South Korea should combine the data for all establishments into a single report.

--

I-3. **Stock symbol information.**-- If your firm or any of the entities reported in question I-2 are publicly traded in the United States, please specify the stock exchange and trading symbol (including American Depositary Receipts, if applicable): \_\_\_\_\_.

I-4. **External counsel.**-- If your firm or parent firm is represented by external counsel in relation to this proceeding, please specify the name of the law firm and the lead attorney(s).

- II-2a. **Changes in operations.**--Please indicate whether your firm has experienced any of the following changes in relation to the production of DOTP since January 1, 2017.

<i>Check as many as appropriate.</i>		<i>If checked, please describe the nature, timing/duration, and impact on operations of any such reported changes as well as the business reasons for them; leave blank if not applicable.</i>

<input type="checkbox"/>	Prolonged shutdowns or production curtailments	
<input type="checkbox"/>	Weather-related or force majeure events	
<input type="checkbox"/>	Other (e.g., labor agreements, technology, etc.)	

- II-2b. **COVID-19 pandemic.**—Since January 1, 2020, has the COVID-19 pandemic or have any government actions taken to contain the spread of the COVID-19 virus resulted in changes in relation to your firm's supply chain arrangements, production, and sales (including exports to the United States) relating to DOTP? In your response, please discuss the duration and timing of any such changes as they relate to your firm's operations.

No	Yes	If yes, describe these changes including the impact over time on the (a) supply chain, (b) production and shipments of DOTP, and (c) employment of personnel producing DOTP.
<input type="checkbox"/>	<input type="checkbox"/>	

- II -2c **Anticipated changes in operations.**—Does your firm anticipate any changes in in the character of its operations or organization relating to the production of DOTP in the future?

No	Yes	If yes, supply details as to the time, nature, and significance of such anticipated changes and describe the underlying assumptions and business reasons for them.
<input type="checkbox"/>	<input type="checkbox"/>	

- II-3a. **Production using same machinery.**--Please report your firm's production of products using the same equipment, machinery, or employees as used to produce DOTP, and the combined production capacity (both installed and practical capacity) on this shared equipment, machinery, or employees in the periods indicated.

**"Installed overall capacity"** – The level of production that your establishment(s) could have attained, assuming your firm's *optimal* product mix, and based solely on *existing capital investments*, i.e., machinery and equipment that is in place and ready to operate. This capacity measure does not take into account other constraints to production such as existing workforce constraints, availability of raw materials, or downtime for maintenance, repair, and clean-up. This capacity measure is sometimes referred to as "nameplate" or "theoretical" capacity.

**"Practical overall capacity"** – The level of production that your establishment(s) could reasonably have expected to attain, taking into account your firm's *actual* product mix over the period. This capacity measure is based on not only existing capital investments, i.e., machinery and equipment that is in place and ready to operate; but also non-capital investment constraints, such as (1) normal operating conditions, including normal downtime for maintenance, repair, and cleanup; (2) your firm's existing in place and readily available labor force; (3) availability of material inputs; and (4) any other constraints that may have limited your firm's ability to produce the reported products. Importantly, this capacity measure is the maximum "practical" production your firm could have achieved without hiring new personnel or expanding the number of shifts operated in the period.

**"Practical "DOTP capacity"** – The level of production of DOTP that your establishment(s) could reasonably have expected to attain. The same assumptions apply to this capacity measure as for practical overall production capacity, but only includes the portion of practical overall production capacity allocated to the production of DOTP based on the actual product mix experienced over the period.

Takes into account	Installed overall production capacity	Practical overall production capacity	Practical DOTP production capacity
Existing capital investments	Yes	Yes	Yes
Product mix	Yes	Yes	Yes
Normal downtime, maintenance, repair and clean-up	No	Yes	Yes
Existing labor force	No	Yes	Yes
Availability of material inputs	No	Yes	Yes
Actual number of shifts and hours operated	No	Yes	Yes
Limited to DOTP	No	No	Yes

**"Production"** --All production in your establishment(s) in South Korea, including production consumed internally within your firm.

<sup>1</sup> Data reported for both "installed overall" and "practical overall" capacity should each individually be greater than data reported for total production (last line). Additionally, data reported for "installed overall" capacity should be greater than "practical overall" capacity in every period.

<sup>2</sup> Please provide details in your response to the question on capacity constraints in question II-3d below that explain the differences reported between "installed" overall production capacity and "practical" overall production capacity.

<sup>3</sup> Data reported for practical DOTP production capacity should be greater than the data reported for production of DOTP in each period, if not revise prior to submission to the Commission. Additionally, if your firm reports the production of no other products on the same machinery and using the same workers as DOTP then "practical overall" and "practical DOTP" capacity measures should be equal to each other.

<sup>4</sup> Data on practical DOTP capacity and production will populate here once reported in question II-13.

<sup>5</sup> Please identify these products: \_\_\_\_\_.

II-3b. **Operating parameters.**—The *practical* overall production capacity reported in II-3a is based on the following operating parameters:

Hours per week	Weeks per year

II-3c. **Capacity calculations.**—Please describe the methodology used to calculate *installed* and *practical* overall production capacities reported in II-3a, and explain any changes in reported capacities.

--

II-3d. **Practical overall production constraints.**—Please describe the constraint(s) that set the limit(s) on your firm's practical overall production capacity over the period reported in question II-3a. If different constraints were binding over different periods reported, please specify when each constraint was limiting your reported practical overall production capacity. If a constraint was not

actually binding over the period reported, but was still a constraint to achieving the installed capacity level, indicate at what level it would have been binding.

Constraint (check as many as appropriate)		Description (If checked, please describe the details, timing, and duration of the constraint; leave completely blank if not applicable)

<input type="checkbox"/>	Fuel or energy	
<input type="checkbox"/>	Storage capacity	
<input type="checkbox"/>	Logistics/transportation	
<input type="checkbox"/>	Other constraints (list the specific constraints in the description field)	

- II-3e. **Reaching installed overall production capacity.**--Please describe and quantify the amount of time it would take and the additional actions that would be needed (e.g., hiring new workers, expanding shifts, procuring larger sources of raw material supply, etc.) for your firm to be able to fully utilize the reported installed overall production capacity reported in II-3a.

- II-3f. **Excess capacity.**—To the extent that your company is reporting excess capacity, please report, with specificity: (1) which machines or equipment (or other elements of production) would need to be brought back into production for your plant to operate at full capacity, and (2) the specific dates on which such machines or equipment were last used by your plant to produce DOTP.

II-4. **Product shifting.**—

- (a) Since January 1, 2017, has your firm switched production (capacity) between DOTP and other products using the same equipment and/or labor?

No	Yes	If yes—(i.e., switched capacity to other products or were able to produce other products) Please identify other actual or potential products.
<input type="checkbox"/>	<input type="checkbox"/>	

- (b) Please describe the factors that affected your firm's ability to shift production capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.

--

- II-5. **Capacity checklist.**--Please check that the capacity numbers reported in question II-3a follow the Commission's relevant definitions for capacity.

Item	✓ if Yes
Are all three capacity measures reported based on <u>currently installed machinery and equipment</u> (i.e., the reported capacity level would not require additional capital investments in order to achieve)?	<input type="checkbox"/>
Are practical overall production capacity and practical DOTP production capacity measures reported based on <u>existing labor force</u> (i.e., the reported capacity level would not require hiring additional production related workers or adding shifts)?	<input type="checkbox"/>
Are practical overall production capacity and practical DOTP production capacity measures based on <u>the actual availability of material inputs</u> ?	<input type="checkbox"/>
Do both practical overall production capacity and practical DOTP production capacity measures account for <u>normal downtime, maintenance, repair and clean-up</u> activities?	<input type="checkbox"/>
Does the difference between practical overall production capacity and practical DOTP production capacity equal the portion of practical overall production capacity that is dedicated to the production of out-of-scope products?	<input type="checkbox"/>

Note: If your firm is not able to answer "yes" to any of the above criteria as it relates to your firm's reported capacity levels, please revise your capacity numbers to be in conformance with the appropriate definition prior to submission to the Commission.

- II-6. **Share of sales.**--What percentage of your firm's total sales in its most recent fiscal year was represented by sales of DOTP? \_\_\_\_\_ percent.
- II-7. **Firm's estimated share of production in country.**--Please estimate the percentage of total production of DOTP in South Korea accounted for by your firm's production in 2022. \_\_\_\_\_ percent.
- II-8. **Firm's estimated share of country's exports.**--Please estimate the percentage of total exports to the United States of DOTP from South Korea accounted for by your firm's exports in 2022. \_\_\_\_\_ percent.
- II-9. **Third country trade actions.**--Is the DOTP exported by your firm subject to antidumping/countervailing duty/safeguard findings, remedies, or proceedings?

No	Yes	If yes— List the products(s), countries affected, and the date of such findings/remedies/proceedings
<input type="checkbox"/>	<input type="checkbox"/>	

- II-10. **Other export markets.**—

- (a) Identify export markets (other than the United States) where your firm has increased its sales of DOTP since 2017. Please identify and discuss below.

- (b) Identify export markets (other than the United States) where your firm has decreased its sales of DOTP since 2017. Please identify and discuss below.

- II-11. **Effect of antidumping duty order.**--Describe the significance of the existing antidumping duty order covering imports of DOTP from South Korea in terms of its effect on your firm's production capacity, production, home market shipments, exports to the United States and other markets, and inventories. You may wish to compare your firm's operations before and after the imposition of the order.

--

- II-12. **Likely impact of revocation.**--Would your firm anticipate any changes in in the character of its operations or organization, including its production capacity, production, U.S. shipments, inventories, purchases, employment, revenues, costs, profits, cash flow, capital expenditures, research and development expenditures, or asset values relating to the production of DOTP in the future if the antidumping duty order on DOTP from South Korea were to be revoked?

		<p><b>If yes, supply details as to the time, nature, and significance of such anticipated changes and describe the underlying assumptions and business reasons for them.</b></p> <p><b>Include in your response a specific projection of your firm's capacity to produce DOTP (in metric tons) for 2023 and 2024.</b></p>
No	Yes	
<input type="checkbox"/>	<input type="checkbox"/>	

- II-13. **Trade data.**--Report your firm's production capacity, production, shipments, and inventories related to the production of DOTP in your establishment(s) in South Korea during the specified periods. Do not include resales of DOTP that your firm did not produce in this question; those data to the degree they are exported to the United States should only be reported in question II-14.

Do not submit data by manufacturing facility if they are in the same country. If your firm has multiple manufacturing establishments within one country, you are required to combine data for those establishments within one foreign producer questionnaire response.

**"Production"** --All production in your establishment(s) in South Korea, including production consumed internally within your firm.

**"Shipments"** --Shipments of products produced in your establishment(s) in South Korea. Quantities reported should be net of returns. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment in South Korea.

**"Home market commercial shipments"** --Shipments, other than internal consumption and transfers to related firms, within South Korea.

**"Home market internal consumption/transfers to related firms"** --Shipments made to related firms in South Korea, including product consumed internally by your firm.

**"Export shipments"** --Shipments to destinations outside South Korea, including shipments to related firms.

**"Inventories"** --Finished goods inventory, not raw materials or work-in-progress.

*Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.*

II-13. Trade data.--Continued.

- III-3. **Changes in factors affecting supply.**-- Have changes in any factors affecting supply (e.g., changes in availability or prices of energy or labor; transportation conditions; production capacity and/or methods of production; technology; export markets; or alternative production opportunities) affected the availability of DOTP produced in the country specified on the certification page for export to the U.S. market, other export markets, or the home market, since January 1, 2017?

No	Yes	If yes, please describe the factors (including transportation costs to the United States or other markets), including timing, market, and quantitative estimate(s) of the impact(s).
<input type="checkbox"/>	<input type="checkbox"/>	

- III-4. **Future import supply.**--Do you anticipate any changes in terms of the availability of DOTP produced in South Korea for export to the U.S. market in the future?

Increase	No change	Decrease	<b>If you anticipate changes in supply, please identify the changes, including the timing and impact of such changes on shipment volumes and prices of exports to the United States.</b>
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

- III-5. **Product shifting.**--Describe how easily your firm can shift its sales of DOTP between the U.S. market and alternative third country markets. In your discussion, please describe any contracts, other sales arrangements, or other constraints (including any third-country trade barriers such as tariffs, quotas, or other non-tariff barriers) that would prevent or impede your firm from shifting exports of DOTP between the U.S. and alternative country markets within a 12-month period.

--

- III-6. **Product range.**-- Is the product range, product mix, or marketing of DOTP in your home market different from that for your exports of DOTP to the United States or to third-country markets?

No	Yes	If yes, please explain.
<input type="checkbox"/>	<input type="checkbox"/>	

- III-7. **Product changes.**--Have there been any significant changes in the product range, product mix, or marketing of DOTP in your firm's home market, for export to the United States, or for export to third-country markets since January 1, 2017 or do you anticipate any future changes?

No	Yes	If yes, please describe the changes, including the market(s) affected and when these changes occurred or are expected to occur.
<input type="checkbox"/>	<input type="checkbox"/>	

**III-8. Substitutes. --**

- (a) Have there been any changes in the number or types of products that can be substituted for DOTP since January 1, 2017?

No	Yes	If yes, explain the changes, noting when these changes occurred.
<input type="checkbox"/>	<input type="checkbox"/>	

- (b) Do you anticipate any future changes in the number or types of products that can be substituted for DOTP?

No	Yes	If yes, explain the changes, noting when these changes are expected to occur.
<input type="checkbox"/>	<input type="checkbox"/>	

- (c) Has the availability of any substitutes affected demand for DOTP since January 1, 2017?

No	Yes	If yes, noting the substitute product(s), the effect(s), and when these changes have occurred.
<input type="checkbox"/>	<input type="checkbox"/>	

- III-9. Interchangeability.**--Is the DOTP produced by your firm and sold in its home market interchangeable (i.e., can be used in the same applications) with your firm's DOTP exported to the United States and/or to third-country markets?

Yes	No	If no, identify the market(s) and any differences in the products.

**Correcting Valid number error messages.**--If you are completing a Commission questionnaire in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. This issues stem from your computer number formatting setting (e.g., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (,) delineate multiples of 1000 and periods (.) delineate fractions less than one. Many EU countries use the reverse where multiples of 1000 are delineated with periods (.) and fractions less than one are delineated with commas (,). The U.S. International Trade Commission's questionnaires are set-up in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU number formatting, we believe this may cause this issue.

The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer's number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g. "Italian (Italy)") to "English (United States)" (see screen shots below)

When you do this the number "twelve million dollars and thirty-five cents" would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the USITC foreign producer questionnaire form. When you finish reporting the data then you can close the questionnaire and switch back to Italy settings.

## HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website at: [LINK](#)

***Please do not attempt to modify the format or permissions of the questionnaire document.*** Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

**Web address:** <https://dropbox.usitc.gov/oinv/>      **Pin:** DOTP

- **E-mail.**—E-mail the MS Word questionnaire to Christopher.Robinson@usitc.gov; include a scanned copy of the signed certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

**If your firm did not produce or export this product,** please fill out page 1, print, sign, and submit a scanned copy to the Commission.

**Parties to this proceeding.**—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1802). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
