I am not involved in the VA Health Cre system. I have a Hearing test sked for February 14, 2023. Thw purpose of this test is to hopefully receive a hearing aid needed to improve my hearing. I met with a VA rep during my initial meeting when I submitted my VA form needed to join the VA. I was accepted and rec'd my VA ID card. This rep had placed me in Priority Group 5 Enrollment Priority Group. I received a call from a VA rep regarding the VA Health Care. I informed him that I had my main Health Care under Harvard Pilgrim and was not interested in V Health care only that I was interested in possibly getting a hearing test and a hearing aid if approved.
