Aloha,

Please review the process by which the wage rate schedule are established. The prevailing wages in our area have never been remotely close to what has been put forth in the WRS. Private sector and union are not the same. Private sector wages for general laborers (laborer II) are \$15-18 per hour (base pay) and fringe benefits are \$3-5 per hour. The wage rate schedules are ridiculously high. The federal government and taxpayers are paying out an exorbitant amount of unnecessary cost due to the extremely inflated WRS.

Please peg the wage rate schedules to more realistic data.

Thank you.
