## NOTICES

### Privacy Act Statement

**Authority:** 54 U.S.C. 100101, National Park Service Organic Act; 54 U.S.C. 100751(a), Regulations; 54 U.S.C. 100705, National Parks Omnibus Management Act, Availability of System units for scientific study.

**Purpose:** The two primary uses of the records maintained in the system are to administer scientific research and collecting within units of the National Park System, and to make Investigator's Annual Reports available to the public.

**Routine Uses:** In addition to those disclosures generally permitted under 5 U.S.C.552a(b) of the Privacy Act, records or information contained in this system may be disclosed outside DOI as a routine use pursuant to 5 U.S.C. 552a(b)(3) to other federal, state, local, tribal or foreign governments and organizations, and members of the general public based on an authorized routine use when the disclosure is compatible with the purpose for which the records were compiled as described under the system of records notice for this system.

**Disclosure:** Voluntary, however, failure to provide the requested information may reduce the level of safety in the field of the scientific team, may lead to unnecessary impact to park resources or visitor enjoyment, and may lead the park to revoke the permit.

### Paperwork Reduction Act Statement

We are collecting this information subject to the Paperwork Reduction Act (44 U.S.C. 3501) and National Parks Omnibus Management Act of 1998 (NPOMA, P.L. 105-391, Sections, Sections 201 (4), 201 (5), and 205 which govern the use of parks for study to benefit park management and broader science, and also publication of information derived from studies conducted in the National Park System. The National Park Service collects information about permit applicants and permittees to administer and document research, collecting, and reporting activities within parks. All applicable parts of the form must be completed, failure to provide the requested information may reduce the level of safety in the field of the scientific team, may lead to unnecessary impact to park resources or visitor enjoyment, and may lead the park to revoke the permit. A Federal agency may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. OMB has approved this collection of information and assigned OMB Control No. 1024-0236.

### Estimated Burden Statement
