General Comment

i am not at all supportive of this attempt by cdc to more sneakily spend tax dollars on more sneaky duplicitous work. i find this kind of work not helpful for america at all. hyour sneaky ways to keep health care to yourself and keep the america people in the dark is not american at all. it is nazi. it is against all american pinciples. fauci is like mussolini an dhis fascists imo. we need open and transparent. this program is not open and transparent at all. all of your material must be available to the american people quikcly and instantly and not for 76 byears, which shows what bums you are to hold information for that amoutn of time. it shows you are crookjs. i find none o fyour work has helped america at all. you are simply shills for big pharma. this agency needs to be shut down. what you did is unforgivable.alto of people died - massiv enumers of people died -b ecause of fauci mussolini. t
