General Comment

the cdc has been responsible, though unelected, for the shutdown of the american economy resulting in a horrible economy. many suicides have been caused by a two year lockdown that was promised to be two weeks. the american people have been decimated by the lying of this agency and the falsifications that have been told to the american people. most americans who did not want vaccines injected into their bodies have been forced and mandated to do so although there are clearly other ways to handle covid. hyou can do early treatment which was denied to the americna people by a lying cdc. i do not trust the cdc at all and do not believe this new program will cure any of the ills that the gao has been saying this agency has in its operations since 2011. that is 11 years teh gao has been telling cdc to shape up and it has not done so. the amreican people want a complete clean out of the cdc. they havre been pushing vaccines for the last 30 years to line their own pockets and those of big pharma with whome they have a revolving door relationship., yhou rev olve from the cdc to big pharma and then sometimes come back again all at great increases in salaries. you give the big pharma line to th4 govt agency cdd and then you go back to big pharma. its just a big racket. a racekt that has in fact hurt the americnapeople. we are sick of it. this proposed redo of the cdc needs to be explained in far more detail before the american people approve it and it also needs to b e completly open to the american pub lic frm day one. no more 76 years for the american public to find out what the hell is going on in this siskc, insane agency managed by mussolini fauci. who can have respect for the dirty politics of this agency. it will all come out. it is coming out gradually the sickness and injury to the american public that this agrncy caused. early treatmetn was always there. this agency picked on scientists who had perfectley valid points on this issue and got them fired. got them fired even though they were right and this agency was lying to the american people there needs to be punishment at this agency. they did wrong. lots of wrong. teh american people want everhthing to be gone over in jthe last 30 years where the first autism kids started showing up in greater and treater numbers and this vaccin ehappy people kept shoving over 70 injections into kids arms. and

now 5 more.
