This information (Supplemental Nutrition Assistance Program Education and Obesity Prevention Grant [SNAP-Ed] Annual Report) is being collected from State agencies and implementing agencies who receive SNAP-Ed grant funding to assist the Food and Nutrition Service (FNS) in ensuring that State agencies are maximizing the use of resources to identify target audiences; implement interventions and strategies that meet the assessed nutrition, physical activity, and obesity prevention needs of the target population; and promote the availability of SNAP-Ed activities in local communities. Section 28 of the Food and Nutrition Act, as amended (7 U.S.C. 2046a), authorizes the SNAP-Ed grant program. This is a mandatory collection and FNS uses the information collected to ensure integrity of SNAP-Ed funds, demonstrate program effectiveness, and track SNAP-Ed outcomes and impacts. This collection does not request any personally identifiable information under the Privacy Act of 1974. According to the Paperwork Reduction Act of 1995 (PRA), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid Office of Management and Budget (OMB) control number. The valid OMB control number for this information collection is 0584-0594. The time required to complete this information collection is estimated to average 53 hours per response. This burden consists of the time it takes the State SNAP-Ed agency to track and report their SNAP-Ed activities data and coordinate with implementing agencies (where relevant) to review and combine their information for the submission of a single statewide Annual Report. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Services, Office of Policy Support, 1320 Braddock Place, Alexandria, VA 22314, ATTN: PRA (0584-0594).
