## General Comment

there should never be eagle killing permits. notice how the fws is so sneaky they dont cal the form what it shoudl be called "eagle killing permits" tney just call it eagle permis so they can fool the us public with sneakiness and duplicity. this agency is the sneakiest agency in the world. they are all about killing animals for money and this is one of the ways. none of our eagles shoudl be killed for any reason. they are a symbol of america and an atttack on an eagle is an attack on america. stop the vicious fws employees from this vicious killing of this innocent animals that just wants t live. protection if what is needed for our eeagles. the eagles belong to every amercaian citizen and these ugly employees at fws just want to kill and kill and kill iits ugly save the eagles.
