SUPPLEMENTARY INFORMATION: The Quarterly Census of Employment and Wages Business Supplement (QBS) is a versatile collection instrument designed to capture information on the U.S. economy quickly and efficiently using the BLS Annual Refiling Survey as the data collection platform. The QBS collection is designed to incorporate new questionnaires as the need arises to allow BLS to collect and publish information quickly so that stakeholders and data users can understand the impact of specific events on the U.S. economy as they occur. The initial QBS survey, the 2021 Business Response Survey, collected information on how establishments were coping with the transition from the height of the coronavirus pandemic into a period of relative economic recovery. It followed the 2020 Business Response Survey (1220-0197), a one-time survey which captured information about changes to business operations, employment and workforce flexibilities, and benefits that occurred as a result of the onset of the pandemic. The BLS is now seeking approval to conduct another survey under the QBS information collection to capture information on telework, hiring and vacancies at establishments. This

second QBS survey will ask questions about the availability of telework at businesses, hiring and current vacancies in an attempted to better understand current labor market conditions at this stage of the coronavirus pandemic. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on February 3, 2021 (86 FRN 8037).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6. DOL seeks authorization for this information collection under OMB Control Number 1220–0198. The current approval is scheduled to expire on July 31, 2024.
