To'Hajiilee Community School Board, Inc. ("TCSB"), a P.L. 100-297 grantee and a Navajo tribal organization OPPOSES the proposal for a referral intake form to facilitate virtual counseling and crisis services, on the basis that it places undue burden on TCSB and other grant schools. TCSB does not even currently have a counselor. The Rule should not be adopted. TCSB also notes that although BIE posted the proposed rule for 60 days as required when affecting Indian education, no notice was sent to TCSB, an affected Indian tribal organization.
