

OMB Control Number (1910-5160) | Expiration date (08/31/2023)

As a Better Climate Challenge Partner, we are sending this survey to understand the challenges organizations like yours are facing in their efforts to decarbonize their operations. The information gathered will be used by the Department of Energy (DOE) to develop resources and peer exchange opportunities to help your organization achieve its emission reduction goal. Your input will be kept confidential. Thank you for your participation.

DOE provides resources for decarbonization as part of the Better Buildings Solution Center (<https://betterbuildingssolutioncenter.energy.gov/carbon-hub>). Additionally, your program contacts may also share resources with you. With regard to these resources, how would you respond to the following statement:

"I am satisfied with the decarbonization resources available to me."

Strongly agree

Agree

Neutral (neither disagree nor agree)

Disagree

Strongly disagree

N/A

DOE provides technical assistance to partners through regular meetings, phone calls, and other events. Based on your engagement with your technical account managers and other program contacts, how would you respond to the following:

"I am satisfied with the Technical Assistance I have received in the past year."

You can select the "Not Applicable" option if you have not received Technical Assistance in the past year.

Strongly agree

Agree

Neutral (neither disagree nor agree)

Disagree

Strongly disagree

N/A

Which Technical Assistance format is most helpful to you?

Written/electronic case studies and resources

Group working sessions

One-on-one working sessions

Other (please specify)

What type(s) of resources are most useful to you?

Presentations

Successful, replicable case studies

Webinars

Toolkits

Based on your experience with BCC working group opportunities, how would you respond to the following statement:

"I am satisfied with the available working group and peer exchange opportunities."

You can select the "Not Applicable" option if you have not participated in a working group in the past year.

Strongly agree

Agree

Neutral (neither disagree nor agree)

Disagree

Strongly disagree

N/A

Please rank the topics according to what you would most like to see as a working group or training topic.

Decarbonization for campuses and central plant

Phasing and procurement of emissions reduction strategies

Project funding strategies for electrification

Organization-wide policies for decarbonization

Software Tools to support emissions reduction planning

Heat pump implementation pathways

Renewables implementation pathways

Carbon-related codes and regulations at the state and city levels

Develop internal carbon pricing, internal carbon tax and marginal abatement cost curve

Financing decarbonization project

Insurance Sectors' role in decarbonization

Renewable Energy and low carbon fuel

Decarbonization of process heating

If you have participated in a working group or peer exchange, how can we improve them? If you have not, can you tell us why?

Are you willing to provide additional input to DOE to determine how best we can help partners meet their emissions reduction goals?

(For example: to set up a call to discuss your responses to this survey)

Yes

No

What other topics are we not covering that you would be interested in learning more about?

Please name at least one resource that you found particularly useful as your organization looks to decarbonize (note: this resource does not necessarily need to come from the Decarbonization Resource Hub).

We thank you for your time spent taking this survey. Your response has been recorded.

Paperwork Reduction Act Burden Disclosure Statement

This data is being collected to help improve customer experience related to DOE's Better Climate Challenge. The data you supply will be used to improve Better Climate Challenge planning.

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Office of the Chief Information Officer, Enterprise Policy Development & Implementation Office, IM-22, Information Collection Management Program (1910-5160), U.S. Department of Energy, 1000 Independence Ave SW, Washington, DC 20585; and to the Office of Management and Budget (OMB), OIRA, Paperwork Reduction Project (1910-5160), Washington, DC 20503.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB control number.

Submission of this data is voluntary.
