where is the relief for us citizens in this imigration policy. why dont we need and get relief. we are being pitched into poverty to pay taxes to pay for all these leaches from foreign countries. they have ruined their own country and now they want to cme here to ruin this one. we deserve relief first of anybody. our relief comes from telling all these sneaky lying foreigners to go home to their own country. we dont want them here. nobody asked for them to come here. send them home. no relief for them because we haven o relief either and we are teh first people who should get concenfrom our govt
