General Comment

1.no2not accurate3.no way 4. shut entire program down because cdc is a lying dishonest criminal type agency that has gone power mad and does not need to be in this area at all let the police do it. 5. has zero purpose. cdc is not the proper agency to be involved in this at all. cdc is way out of its depth and seems power mad to have its fingers in all dspots where it has no purpose at all. this is a power mad money mad organization which has gotten way way out of control. cdc is corrupt lying agency. get cdc oiut of this. cdc itself needs to be criminally investigated. cdc budget should be cut to zero. leave this to the police dept. many have zero confidenced int his cdc for lying and causing chaos in america. that appears to be their true purpose. no way do i approve of this progra. defund it to zero
