

United States Department of Agriculture

Office of the Chief
Information Officer

DATE: August 28, 2023

1400 Independence
Avenue S.W.
Washington, DC
20250

TO: ID.me, Inc
8280 Greensboro Drive, Suite 800
McLean, VA 22102

FROM: Adam Zeimet
ICAM Branch Chief
Program Manager

SUBJECT: 202305-0503-002, *USDA eAuthentication Service Customer Registration*

Executive Summary

Thank you for your feedback. In response to the two considerations being suggested: 1. Conform to NIST Digital Guidelines; and 2. Offer multiple Credential Service Provider (CSP) options, ICAM offers the following response:

ICAM performed extensive analysis of CSP providers of public citizen credentials and found it was cost prohibitive for eAuthentication to offer multiple CSPs at this time. ICAM continually evaluates CSP options for ways to deliver the best customer experience and value for the USDA.
