Hello Ms. Plimpton,

I am sending comments to you as the representative from the USAMRDC Congressionally Directed Medical Research Programs. My comments on the Draft Common Form for Biographical Sketches and Draft Common Form for the Current and Pending (Other) Support information are as follows:

**Biographical Sketch:**

- Organization is not delineated into Performing and Contracting Organizations which may be different. This is a critical piece of information for the Federal Agency to obtain.
- Patents should be disclosed that were obtained in foreign countries.

**Current and Pending (Other) Support information**

- There is not a requirement for past support information to be disclosed ( $\leq 5$  years). This is critical information for Federal Agencies to obtain.
- No clear requirement for foreign honorary or consultant (non-paid) disclosure
- Patents should be disclosed that were obtained in foreign countries.

Thank you.

**Regards,**

**Donna M. Kimbark, Ph.D.**
