| 1. | USCIS-2007-0020-0104 | Commenter: jean publiee this agency does nothing to protect america from rapacious hordes of foreigners coming here to rape, steal, rob, sell drugs, kill americans and it goes on. this agency disrespects the american people who are 70% against allowing this degradation of america with all these leaching hordes from foreign countries. uscis doesn't listen at all to the american people who are clamoring for a shut down of this southern border deplorable situation., this agency disrespects the american people and their voice, despite the fact that we are to have a govt by the people for the people. it doesn't do that at all. we are to have open govt. this agency does not respond to that principle for america either. the voice of american people is disrespected completely by this agency, which calls them not relevant and nothing is more relevant than the running of america by these hordes from countries that are filled with bribery and corruption all of them are coming here to bring that to america to make america worse. we had corruption before but it is magnified by the crap people we are letting into this country, the rapists, the druggies, the criminals the mexican cartels. they all come here in mighty numbers. to ruin america and this agency just lets it all happen. there is no open govt at this agency that listens to american citizens. our country was founded on that principle. this agency is not protecting america one bit. it is a travesty of corruption. | Response: USCIS determined the comment to be unrelated to the information collection. |
