General Comment

the cdc for the last 25 years has been pullign a fast one on the people of this country. ever increasing budgets for vaccines that are sloppily created with lying inadequatge clinical tests culminating in this 3 year chaotic pandemic. the peoplke working at this agency are pure slimie criminals who neede to be jail. they have pulled a fast one on the us public, we have worse health than ever, we have half our kids becoming autistic with their rotten vaccines. they h ave gotten away with it and they stink and suck. none of them should have jobs with the federal govgt anymore. and we need to hire new people only of american citizenship. not foreigners hwo come here to make themselves rich. we want local kids who care aboutg america and its people. this agency was ruledl by fast buck operators with theri big pharma collaborators with big riches coming to them, neverr mind health for the american people. i have nothing but scorn and dfisdain for these fast buck artists. all of them shoudl be indicted for pushing this crap vaccineon us. and getting it mandaed. we trusted. they abused. put them in jail for the rest of their lives. noneof this spending should go on b ecause these same folks are trying to cove frup for the crap they have visitedon america fof the last 25 years. we ned everyi single vaccine clinical study done over again. you have ruined the world with lies. a sensible person would not take an of the crap vaccinds you push. you are the lowest of the drug pushers we have ev er seen. and this cmoment is right on point as to the crap you push. take away every single taxpayer dollars from this agency
