## General Comment

if these families have food insecurity, then they need to be told to go out land find a job or jobs to make money to buy food. the onlly way to get out of this requiement shoudl be if sick or disabled or mentally disabled.clearly fraud is part of this program with 22,000 takers who dont want to work for their money. some families have heritage for several generations where none of them have worked. they rob, they murder, they drug, theyhave time for that all right but not work
