Thank you for your comment on Improving Coordination Between SNAP and Medicaid in State Agencies, published in the Federal Register, Vol. 88, No. 64, 19903-19904. We appreciate the four points you made regarding differences between States in how they implement and coordinate SNAP and Medicaid. We are indeed considering those factors and plan to conduct interviews with frontline staff, however, we will not be conducting interviews with participants (it is beyond the scope of this project).

Sincerely,

Sincerely,
