Dear <producer name/"Tribal member">,

We need your valuable feedback to help make the Environmental Quality Incentives Program (EQIP) more streamlined, accessible, and equitable to customers!

You have been selected to participate in a USDA Natural Resources Conservation Service (NRCS) EQIP Customer Satisfaction Survey measuring services of the NRCS EQIP application process. You are receiving this survey because you applied for EQIP within the last year. Your vital feedback will help us better serve America's farmers, ranchers, and forest managers.

The enclosed survey asks you to provide feedback about your NRCS EQIP application experience as well as your general views on doing business with NRCS, and should take about 10 minutes to complete. Individual responses will not be tracked or reported and will be kept confidential by using an independent company to analyze and manage the data and report the results.

To access the survey in multiple languages online, or if you'd prefer to take the survey online, scan the QR code below with your smartphone or tablet camera to access the survey.

Your response is important! It will help us find better ways to engage with EQIP applicants, enhance support, increase ease of understanding, and improve our service to you.

If you need in-person or telephonic translation services or assistance completing this survey, please contact your local USDA service center. To find your nearest service center, visit www.farmers.gov/service-center-locator or call 1-833-ONE-USDA (1-833-663-8732).

Thank you for taking the time to provide us with your feedback!

Sincerely,

Terry Cosby

Chief for the Natural Resource Conservation Service
United States Department of Agriculture
