National Institutes of Health

Office of Strategic Coordination - The Common Fund

The symposium brings together recipients of the NIH Director's Pioneer, New Innovator, Transformative Research, and Early Independence awards to share their groundbreaking research and discoveries. The symposium is free and open to the public.

Join us for:

- * Scientific talks and posters from HRHR awardees
- * Networking with some of the most creative scientists in the U.S.
- * "Office hours" with NIH staff from multiple NIH institutes and centers

Questions? Contact us at HRHR@od.nih.gov.

Please select from the drop-down box if you are registering or submitting an abstract. If BOTH please select "I would like to register" *

NOTICE:
OMB Control Number: 0925-0740
Expiration Date: 09/2025

Public reporting burden for this collection of information is estimated to average 3 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.

This website is not government-owned. Collected personally identifiable information will be used by symposium organizers to contact you (name and email address). By using this third-party application, you may be providing nongovernmental third-parties access to your information. The official program website can be found at <https://commonfund.nih.gov/highrisk>. For more information on our privacy policy, see <https://www.nih.gov/web-policies-notice>.

Abstract Submission

Abstract Submission

ABSTRACTS ARE DUE BY FRIDAY, MARCH 1, 2024.

Awardees are encouraged, but not required, to present their research activities at the symposium as an oral presentation or poster (must be an awardee to present). Abstracts are limited to 300 words.

Oral Presentations

Due to the limited number of slots available for oral presentations, speaker preference will be given to those who have not spoken at the symposium before and have awards nearing completion. In addition, speaker selection will seek programmatic balance across science areas and award types. Speaker selections will be made by March 29, 2024, and speakers notified via email. Oral presentations will be 15 minutes plus 5 minutes for questions and answers.

Poster Presentations

Space is available for up to 100 posters. If the number of poster abstracts exceeds the number of poster boards available, posters will be selected on a "first-come, first-served" basis. Poster selections will be made by March 29, 2024, and presenters notified via email. Posters will be presented on 4-foot x 6-foot boards.

Abstract and Presentation Guidance

The symposium is unusual in the breadth of the science represented. Abstracts and presentations should be prepared with a broad audience in mind. Please prepare with sufficient background and at such a level that non-experts in the field can readily understand the significance and impact of the research.

NOTICE:

OMB Control Number: 0925-0740

Expiration Date: 09/2025

Public reporting burden for this collection of information is estimated to average 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number.
