

Enhancing Capacity for Primary Care Research in Cancer Survivorship: A Workshop for Action

February 28, 2024

Start of Block: Default Question Block

Thank you for your engagement at our recent meeting, Enhancing Capacity for Primary Care Research in Cancer Survivorship: A Workshop for Action, hosted by the National Cancer Institute (NCI) on February 28, 2024. This anonymous survey is to gather your thoughts and ideas as we reflect on our first meeting as a community of practice focused on primary care and survivorship research. All questions are optional, and you may exit the survey at any time.

OMB No.: 0925-0642
Expiration Date: 03/31/2026

Public reporting burden for this collection of information is estimated to average 7 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0642). Do not return the completed form to this address.

To help us support each other and our work on this topic, please provide your name and email address. We will include you in future planning, communications, and activities. Of course, providing your name and email address is optional. You can submit the survey without providing this information. Please note that NCI will not associate your personal information with your survey responses.
