this is unfair. this secret giveaway program is not open and aboveboard. our country is supposed to be open and transparent. this is secret sneakiness. there are many americanr right now who are so poor because of bidens caused inflation and debt that he is overspending and sees no reason to stop the out of control taxation at the federal level and every other level, state, county, local. cldearly all need this help except for millionaires. they aer few in number and probably would not ask so clearly the free entrance shoudl be for 99% of american citizens. not illegal immigrants here as an invasion. american citizens showing a citizenship card. they need all th ehelf they can get these days. they have been marauded by bidens out o f control runaway govt. this comment is for the pubilc record. no more secret giveaways. we all need the help. b ker bk1492@aol.com

We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. Our vision is a nation where museums and libraries work together to transform the lives of individuals and communities. To learn more, visit www.imls.gov.

II. Current Actions

This Notice is to solicit comments on a program evaluation of the IMLS Museums for All Initiative, which began in 2014. A current IMLS cooperative agreement includes an evaluation of the Museums for All initiative, a program

through which participating institutions offer free or reduced-price admission to families facing financial need. The goal is to assess the impact of the Museums for All initiative on participating institutions. As part of this evaluation effort, a questionnaire, which is the subject of this Notice, will be undertaken to solicit information from participating institutions in Museums for All about the initiative's implementation, benefits, and areas for improvement. A small number of participating institution staff will be interviewed virtually or in person as part of case study research.

These information collections will be developed based on what is needed to undertake the evaluation. The information IMLS collects will build on, but not duplicate existing or ongoing information collections.
