Subject: Docket: CDC-2023-0101-Airline and Traveler Information Collection: Domestic Manifests and the Passenger Locator Form
Attachments: CDC-2023-0101-0001 (1).pdf; Comment #1.pdf

Thank you very much for your comment. We appreciate your support of public health actions aimed at reducing the risk of transmission of infectious diseases in the United States.

The Domestic Manifest order is already implemented electronically. We will consider ways in which the Passenger Locator Form could be implemented electronically as well. In the past few years, we have gained access to digital information streams for passenger contact information that do not require the use of Passenger Locator Forms on board the plane, so we hope to limit use of these forms moving forward.

Thank you again for your support of public health. CDC will continue to work 24/7 to reduce the risk of infectious diseases to the US public.
