The fbar reporting requirement is burdensome, time consuming and annoying for the average middle class and lower middle class citizens .

The limit of a combined threshold total of only 10000 is ridiculously low and should be increased singinificacntly to at least 100000 or 150000.

I'm in my 60s and i have always filed my taxes and spent time and money doing so Even though I'm exempt due to the foreign income exclusion.

This should be targeted to weathly individuals who make alot of money not those that are trying to make ends meet and educate their children.
