us ciizens to not want mor eillegal imigrant made into citizens. most of them are here for money, solely for money. they should be stopped at teh us southern border and told to go back to their own country. this overwhelming invasion of foreigners to the cmplete and total depredaton of american citizens haveini to pay in massive amounts for their food, their rent, their telephones, their transport, their medical care, their schooling is causing excessively high taxes for american citizesn who are being force dinto porverty. this is an anti american move by a demented president who seeks to change the character of this country into ne divided into little pots of people fighting with each other frm all ove rth eworld. knid of like th ebalkan states. it is a bad move and there is no homogeneity i america left anymore. it will be destroyed with such a destructive plan as joe biden has in mind. it needs to be stopped. it is completely detrmental for any counrry to be so disorganized and have nothin in common. this cpmment is for the public rcord.
