Instead of threatening innocent Americans abroad with life-altering penalties and burdensome filing requirements, the Department of Treasury should work with Congress to bring the US into line with the entire rest of the world in the way it taxes its expats.

Its not enough that we pay taxes to both the country in which we reside, we also pay US taxes and the fbar is the last straw. Please amend, re write , design new legislation that treats US citizens abroad with simplicity and integrity.

Sincerely,

A very frustrated US citizen
