Surely you people can see how you are falling into the hands of the CCP goals. Hopefully our govt will wake up BEFORE it is too late.

The Naked Socialist, Paul B. Skousen, 46 Goals of Socialism/Communism (CCP) (pg.492-500)

- |                                       |  |
|---------------------------------------|--|
| Promote Socialism, Demean Capitalism  | Promote the U.N.                           |
| No national boundaries                | Install environmental rulers               |
| One-world currency                    | Control the internet                       |
| Establish economic rulers             | Economic equality                          |
| Ruler's Law                           | Render Congress irrelevant                 |
| Subordinate local government          | Destroy representation (world)             |
| Uphold 17th Amendment (US)            | Deflate Constitutional Convention (US)     |
| Regulate all transportation           | Eliminate private property                 |
| Destroy family culture                | Destroy the Sacrament of Marriage          |
| Discredit the traditional family      | Destroy gender distinctions                |
| Universal access to abortion          | Limit family size                          |
| Replace God-centered religion         | Destroy church economies                   |
| With Humanist religion                | Eliminate cash in the marketplace          |
| International health care             | Supreme world court                        |
| Create one-world super-legislature    | Environmental rights supersede             |
| Nationalize all natural resources     | human rights                               |
| Unilaterally destroy nuclear weapons  | Neutralize Israel                          |
| Nationalize all industry              | Sync animal rights and human rights        |
| Infiltrate and regulate education     | Control information                        |
| Infiltrate and regulate labor         | Uphold all labor as optional               |
| Discredit the U. S. Constitution      | Discredit freedom heroes                   |
| Rewrite history to discredit American | Promote all-powerful government regulation |
| Culture                               | Install socialism everywhere               |
| Legislate by crisis                   | Regulate all energy                        |
| Redefine normal and healthy           |  |
