Why is it that you dumbasses seem to excel in wasting taxpayer money? This would never happen in private industry and it is a heinous waste of time and tax payer money. Furthermore no one gives a shit except you bunch of lazy assholes that concoct some scheme to justify their jobs.

What's next? We count the fruit flies in every home and the ticks on their dogs?!

Sick of this contrived discrimination nonsense. Merit only or go home. Victimhood is not attractive. Neither is being a buffoon and entertaining the delusional.
