public comment on federal register

your push to diversity has gone much too far. as an end in itself, it has gone too far. we all need to come together to mutual goals livin together. enough eidersity makes living together impossible in any peaceful way. it encourages fighting all of the time. stop ushin porno books too. people can buy porno books if they want them. that dos not mean taxpayers need to pay for them. there is a limit to what we should spend tax dollars on. you seem to have no sense in this regard. this comment is for the public record. bring sanity back to libraries please. jean upbliee [jeanpublic1@gmail.com](mailto:jeanpublic1@gmail.com)

## I. Background

IMLS is the primary source of Federal support for the Nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. To learn more, visit [www.ims.gov](http://www.ims.gov).

## II. Current Actions

The IMLS National Leadership Grants for Libraries Program supports projects that enhance the quality of library and archive services nationwide by advancing theory and practice and by generating results such as new tools, research findings, models, services, practices, or collaborative approaches that can be widely used, adapted, scaled, or replicated to extend the benefits of Federal investment.

The IMLS Laura Bush 21st Century Librarian Program supports developing a diverse workforce of librarians to better meet the changing learning and information needs of the American public by enhancing the training and professional development of library and archives professionals; developing faculty and library leaders; and recruiting, educating, and retaining the next generation of library and archives professionals.

This action is to renew the content, forms, and instructions for each of the two Notices of Funding Opportunity for the next three years.
