Abstract

Abstract for in-person attendance closes on: **Monday, June 10**

IMPORTANT NOTE: Junior Investigators from NCI supported programs listed below will be given priority for in-person attendance and abstract selection.

All attending JIs are strongly encouraged to submit an abstract. The meeting will provide multiple platforms for presentations such as 10-minute talks, spotlight talks and poster sessions giving most of the JIs ample opportunity to share their science.

Please note, in addition to the required scientific abstract (written in technical language), we are also requesting a second plain-language abstract, written in a way that makes it easy for anyone to understand (for more information on plain-language abstracts see [here](#))

(<https://www.nia.nih.gov/research/blog/2014/11/explaining-your-science-tips-clear-communication>)). Both abstracts are limited to 250 words. Posters with plain-language abstracts will be judged by patient advocates for the "People's Choice Award".

OMB No.: 0925-0740

Expiration Date: 9/30/2025

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.
