Tiffany,

Thank you for BEA's response to the 2024 RECS Federal Register Notice. We appreciate your agency's support of our program. Questionnaire content and the study design elements will be finalized in the spring, and we intend to begin collection next September. Status updates will be available on the RECS website. We intend to continue producing the series of annual household energy expenditures for electricity, natural gas, propane, and fuel. We also are exploring producing monthly expenditures estimates, as well. Please contact us if you'd like to discuss benefits to BEA of this new data series.

Respectfully,
-Chip
