My name is Eleanor Goldberg, and I am from Haverford Township in Delaware County, Pennsylvania. I oppose the plan to eliminate the Academic Libraries survey. I am an advocate with the American Library Association, and I work as a community college librarian. The unique longitudinal data of the Academic Libraries survey provides crucial information about changes and trends in college and university libraries. This data enables us to make wiser spending decisions to foster students' information and media literacy at a time when these critical skills are in peril.
