I support the comments, along with their finds and recommendations, made by the following organizations - The American Library Association (ALA), Association of College and Research Libraries (ACRL), Association of Research Libraries (ARL), and Association of Southeastern Research Libraries (ASERL), and also urge the Department of Education and the National Center for Education Statistics to maintain the Academic Libraries (AL) component as a part of IPEDS, and agree with the objection to the eliminate the AL component, with regard to the Department of Education's Agency Information Collection Activities on the Integrated Postsecondary Education Data System (IPEDS).

Thank you.

Sincerely,
Monica Scott
