General Comment

it is time to stop spending 300 trillion dollars in this dept which lies and propagandizes the americanp opulaton and robs them blind with wasteful unnecessary programs where they abuse anmials and kill them in secret all over the world. this group hides what they do. they are very secret, sneaky, deceptive, criminal types who need to be fired imo. theyt are not trustworthy. theyt are anti american and come from all over the world instead of being an american agency solely. i am in favor of defunding this entire agency and starting fresh anbd bringing many of them up on criminal charges. they have robbed this c ountry. they have economnizcally devastated this country with continual lies and propaganda and many many untruths with no research bebinbd their vaccines at all. they are getting away with murder. they all need to be on trial. no way do i support this spending for this agency at all.
