

Activity Monitoring, Evaluation, and Learning Plan and Evaluation Clinic

The purpose of this survey is to assess participants' familiarity with agency Monitoring, Evaluation, and Learning (MEL) practices and requirements before and after the training to understand if the curriculum and delivery methodologies meet the clinic learning objectives. **Your participation in this survey is voluntary.**

This survey is administered by Environmental Incentives, the implementing partner (IP) for IPI's Building Evidence for Decision Making (BE4D) mechanism. This survey is not anonymous, but only the aggregated responses will be shared with the clinic development and delivery team within the IPI Program Office Learning, Analysis, Systems, and Risk (LASR) MEL team as part of an after action review. The raw data will be reviewed by the contractor team at Environmental Incentives.

Please contact Melissa Bevins (mbevins@enviroincentives.com) and IPI.PO.MEL@usaid.gov for more information.

Paperwork Reduction Act Statement

A Federal agency may not conduct or sponsor an information collection subject to the requirements of the Paperwork Reduction Act unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0412-0609 (expires 05/31/2027). Without this approval, we could not conduct this survey. Public reporting for this survey is estimated to be approximately 1 minute per response. All responses to this survey are voluntary. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to icrteam@usaid.gov.
