SUPPLEMENTARY INFORMATION:

I. Abstract

Representatives of the BIA and IHS seek renewal of the approvals for information collections conducted under their joint rule, 25 CFR part 900, implementing the Indian Self-Determination and Education Assistance Act, as amended (25 U.S.C. 450 *et seq.*). The Act required the joint rule to govern how contracts and grants are awarded to Indian tribes, thereby avoiding the unnecessary burden or confusion associated with two sets of rules and information collection requirements. *See* 25 U.S.C. 450k(a)(2)(A)(ii). There is no change to the approved burden hours for this information collection.

The information requirements for this joint rule represent significant differences from other agencies in several respects. Both the BIA and IHS let contracts for multiple programs whereas other agencies usually award single grants to tribes. Under the Act, tribes are entitled to contract and may renew contracts annually, whereas other agencies provide grants on a discretionary or competitive basis.

The BIA and IHS use the information collected to determine applicant eligibility, evaluate applicant capabilities, protect the service population, safeguard Federal funds and other resources, and permit the Federal agencies to administer and evaluate contract programs. Tribal governments or tribal organizations provide the information by submitting Public Law 93-638 contract or grant proposals to the appropriate Federal agency. No third party notification or public disclosure burden is associated with this collection. Approval for the collection expires on February 28, 2010.

II. Request for Comments

The BIA and IHS request that you send your comments on this collection to the locations listed in the **ADDRESSES** section. Your comments should address: (a) The necessity of the information collection for the proper performance of the agencies, including whether the information will have practical utility; (b) the accuracy of the agencies' estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents,

such as through the use of automated collection techniques or other forms of information technology.

Please note that an agency may not sponsor or conduct, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section during the hours of 9 a.m. to 5 p.m., Eastern Time, Monday through Friday except for legal holidays. Before including your address, phone number, e-mail address or other personally identifiable information, be advised that your entire comment—including your personally identifiable information—may be made public at any time. While you may request that we withhold your personally identifiable information, we cannot guarantee that we will be able to do so.
