this sneaky depraved crimnal agency cant be trusted to do any work anymore for usa. allt hey practice is lies, propaganda and fakery. they have no documents backing up anything they tell us. and they order us around iwth lies. they withhold information from theus public on their workk for 76 years and forever with their deleting of foia requests for information. their closed meetings are never open to the us public. they waste billions of tax dollars every single year and become enriched while making us citizens into slaves and automatons, whose bodies dont even belong to them any more and can be jabbed a the dictum of dr fauci dr fear.the degradation, deception, depravity and propaganda of this dirty rotttne agency demands a criminal investigation and the takign away of allt axpayer funds from this agency. all of the employees should be fired and some criminallhy investigated. let them find other jobs where they can cheat. the grade i would gve this agency in workingi for the good of the us public is zero. their efforts are worth zero. they are liars and hypocrites. they are fat cat bureaucrats in a rat race for money for their own wallets. none of these employees deservepay checks. the us health is much much worse every single year with this agency in operation. it has the lowest standards possible.
