NCI K08 Program Assessment Interview Questions

Group 3 Phone Interview: Did not apply for NIH K08 grant (received NCI ESI R01eq)

Interview all but those who selected "not eligible." (Option to add email address will not appear for those who selected this choice.)

1.   You indicated X in your survey. Please tell me more about what factored into your decision to apply to one grant over another. (Follow on: If mentor did/not recommend, why/not? etc.)
2.   Looking back, would you rethink your decision to apply? Why/why not?
3.   Is it your impression that those who receive the K08 award have an advantage in securing a tenured academic appointment over those who don't?
4.   Will you recommend your clinical fellows apply for the K08 award?
5.   Do you have any suggestions for improving the NCI K08 award?
