Dear Mr. Forker,

Thank you for submitting a public comment and recommendation in response to the proposed information collection as part of the Environmental Health Specialists Network (EHS-Net) Program (docket CDC-2024-0058). We received your suggestion to survey investigators, managers, and food workers in establishments linked to foodborne outbreaks to compare responses and potential differences of opinions.

We shared your suggestion with the EHS-Net Steering Committee for potential inclusion in a future study. While we cannot guarantee its implementation, please rest assured that all suggestions are thoroughly evaluated based on their feasibility, relevance, and potential impact.

Learn more about the EHS-Net [program](#) and the [funding opportunity](#) to participate in the program (open until December 2, 2024).

Thank you again for sharing your suggestion.

Sincerely,

Laura Brown, Ph.D.  
Principal Investigator, Environmental Health Specialists Network  
Water, Food, and Environmental Health Service Branch
