

LOST SALES AND LOST REVENUE SURVEY

FLOAT GLASS PRODUCTS FROM CHINA AND MALAYSIA

This survey must be received by the Commission by **December 5, 2024**

See last page for instructions regarding how to file this questionnaire.

The information called for in this survey is for use by the United States International Trade Commission in connection with its countervailing duty and antidumping investigations concerning float glass products from China and Malaysia (Inv. Nos. 701-TA-748-749 and 731-TA-1726-1727 (Preliminary)). The information requested in the survey is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your possession (19 U.S.C. § 1333(a)). Further information on this survey can be obtained from Steven Di Stefano (202-205-2465, Steven.DiStefano@usitc.gov).

Name of firm _____

Address _____

City _____ State _____ Zip Code _____

Website _____

Has your firm purchased float glass products from any source (domestic or foreign), at any time since January 1, 2021?

☐

NO

(Sign the certification below and promptly return **only** this page of the survey to the Commission)

☐

YES

(Complete all parts of the survey, and return the entire survey to the Commission)

Return questionnaire via the Commission's secure portal by clicking on the following link:

<https://usitc.gov/qportal>. (PIN: **GLASS**, PHASE: **Preliminary**). See last page for detailed instructions.

CERTIFICATION

I certify that the information herein supplied in this survey is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission. By submitting this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this survey and throughout this proceeding in any other import-injury proceedings conducted by the Commission on the same or similar merchandise.

I, the undersigned, acknowledge that information submitted in response to this request for information and throughout this investigation or other proceeding may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. I understand that all contract personnel will sign appropriate nondisclosure agreements.

GENERAL INFORMATION

Background.--This proceeding was instituted in response to petitions filed on November 21, 2024, by Vitro Flat Glass, LLC, Cheswick, Pennsylvania, and Vitro Meadville Flat Glass, LLC, Cochran, Pennsylvania ("Vitro"). Countervailing and antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization and/or dumping. Pertinent information to this proceeding is available at: Questionnaires: https://usitc.gov/reports/active_import_injury_questionnaires. Other case information: <https://ids.usitc.gov/case/8241/investigation/8665>

Float glass products covered by this proceeding are articles of soda-lime-silica glass that are manufactured by floating a continuous strip of molten glass over a smooth bath of tin (or another liquid metal with a density greater than molten glass), cooling the glass in an annealinglehr, and cutting it to appropriate dimensions. For purposes of the petitions, float glass products have a nominal thickness of at least 2.0 mm (0.079 inches) and a nominal surface area of at least 0.37 square meters (4.0 square feet).

The country of origin of each float glass product is determined by the location where the soda-lime-silica glass is first manufactured by floating a continuous strip of molten glass over a smooth bath of tin and cooling the glass in an annealinglehr, regardless of the location of any downstream finishing or fabrication operations. Prior to being subjected to further treatment, finishing, or fabrication, float glass products meet the requirements of Type I under ASTM-C1036 of the American Society for Testing and Materials.

Float glass products may be clear, stained, tinted, or coated with one or more materials to affect heat insulation properties, electrical conductivity, sound reduction, strength, durability, color, and/or the transmission of light. Examples of coated float glass products include low emissivity ("Low-E") architectural glass and frameless mirrors (i.e., flat glass with a silver, aluminum, or other reflective layer) such as mirror stock sheet.

Float glass products may be annealed, chemically strengthened, heat strengthened, or tempered to achieve a desired surface compression, pursuant to ASTM-C1048, ASTM-C1422/C1422M, or other similar specifications.

Float glass products may be further worked, including but not limited to finishing operations such as sandblasting, etching, bending, curving, beveling, edging, notching, drilling, chipping, embossing, and engraving.

Float glass products may be unassembled or assembled. Examples of assembled float glass products include: (1) mirrors with one or more light-emitting diodes ("LEDs") integrated with the mirror, as well as framed mirrors with one or more LEDs integrated with the mirror or the mirror frame; and (2) articles consisting of two or more sheets of glass that are bonded together using a polymer interlayer (i.e., laminated glass), as well as insulating glass units ("IGUs"), which consist of two or more sheets of glass separated by a spacer material and hermetically sealed together at the edge in order to create a thermal barrier using air or one or more gases.

The scope of the petitions covers, but is not limited to, glass articles meeting one or more of the ASTM-C162, ASTM-C1036, ASTM-C1048, ASTM-C1172, ASTM-C1349, ASTM-C1376, ASTM-C1422/C1422M, ASTM-C1464, ASTM-C1503, ASTM-C1651, ASTM-E1300, and ASTM-E2190 specifications, definitions, and/or standards.

Excluded from the scope are: (1) wired glass; (2) patterned flat glass meeting the requirements of Type II under ASTM-C1036, including greenhouse glass and patterned solar glass; (3) safety glazing materials for vehicles certified to American National Standards Institute (“ANSI”) Standard Z26.1; (4) vacuum insulating glass (“VIG”) units, which consist of two or more sheets of glass separated by a spacer material, with at least one hermetically sealed compartment that uses a gas-free vacuum as a thermal barrier; (5) framed mirrors without any LEDs integrated with the mirror or the mirror frame; (6) unframed “over-the-door” mirrors that are ready for use as imported without undergoing after importation any processing, finishing, or fabrication; and (7) strengthened or tempered flat glass specially designed for use in home appliances, including refrigerator shelves, washer door lids, microwave doors, and oven doors.

Also excluded from the scope of the petitions are: (1) soda-lime-silica glass containing less than 0.01 percent iron oxide by weight, annealed with a surface compression less than 3,500 pounds per square inch (“PSI”), having a transparent conductive oxide base coating (e.g., tin oxide), and with a nominal thickness less than or equal to 4.0 mm (0.1575 inches) (i.e., “coated solar glass”); and (2) heat treated soda-lime-silica glass with a surface compression between 3,500 and 10,000 PSI, containing two or more drilled holes, and having a nominal thickness less than 2.5 mm (0.098 inches) (i.e., “clear back solar glass”).

Float glass products are currently imported under statistical reporting numbers 7005.10.8000, 7005.21.1010, 7005.21.1030, 7005.21.2000, 7005.29.1810, 7005.29.1850, 7005.29.2500, 7007.29.0000, 7008.00.0000, 7009.91.5010, 7009.91.5095, and 7009.92.5010 of the Harmonized Tariff Schedule of the United States (HTSUS). They may also be imported under HTSUS statistical reporting number 7006.00.4010, 7006.00.4050, and 7007.19.0000. The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

Reporting of information.-- If information is not readily available from your records, provide carefully prepared estimates.

Confidentiality.--The data furnished in response to this survey that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Release of information.--The information provided by your firm in response to this survey, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission’s Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar

merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals. Please also retain a copy of the final document that you submit.

Contact information.--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in this survey. This may or may not be the person whose signature is at the bottom of page 1.

Firms operating more than one establishment should combine the data for all establishments into a single response.

PURCHASE INFORMATION

1. **Purchases and imports.**— Report separately your firm’s domestic purchases and imports of float glass products.

“Purchase” – Purchase from a U.S. entity, such as a U.S. producer, a U.S. importer, or other U.S. firm.

“Import” – Purchase directly from a foreign supplier, and your firm is the importer of record.

	2021	2022	2023	January— September 2024
Item	Quantity (1,000 pounds)			
Purchases of floating glass products produced in—				
United States				
China				
Malaysia				
All other countries ¹				
Sources unknown ²				
Total purchases	0	0	0	0
Imports of floating glass products from—				
China				
Malaysia				
All other countries ¹				
Total imports ³	0	0	0	0
¹ Please identify these countries: ² Please indicate the firm(s) from which you purchased this merchandise: ³ If your firm imported float glass products at any time since January 1, 2021, please also complete and return a U.S. importers' questionnaire in this proceeding.				

2. **Changes in purchasing patterns.**— Please indicate whether the shares of your firm’s purchases of floating glass products steadily increased, fluctuated but ended higher, were constant, fluctuated but ended lower, or steadily decreased since January 1, 2021 from the listed sources.

Select one box per row.

[illegible]

3. Purchasing subject imports rather than domestic products.—

- (a) Since January 1, 2021, did your firm import and/or purchase imports of floating glass products from China and/or Malaysia instead of purchasing U.S.-produced floating glass products? Respond for each subject country.

Source	Yes (also respond to parts (b) and (c))	No (If “No” for all countries, skip to next question)
China	<input type="checkbox"/>	<input type="checkbox"/>
Malaysia	<input type="checkbox"/>	<input type="checkbox"/>

- (b) If you responded “Yes” to part (a), was the imported product priced lower than the domestic product?

Source	Yes	No
China	<input type="checkbox"/>	<input type="checkbox"/>
Malaysia	<input type="checkbox"/>	<input type="checkbox"/>

- (c) If you responded “Yes” to part (a), was price a primary reason for importing and/or purchasing subject imports rather than domestic product?

Source	Yes	If Yes, estimate the quantity of imports purchased and/or imported instead of domestic product since January 1, 2021 (1,000 pounds)	No	If No, please indicate the reason your firm imported and/or purchased imports instead of domestic product
China	<input type="checkbox"/>		<input type="checkbox"/>	
Malaysia	<input type="checkbox"/>		<input type="checkbox"/>	
If the quantity reported above exceeds the total quantity reported in Question 1, please explain.				

4. **U.S. producers and import competition.**—

- (a) Since January 1, 2021, in connection with a sale or offer to sell float glass products to your firm, did U.S. producers reduce their prices of domestically produced float glass products in order to compete with lower-priced imports of float glass products from the subject countries? Respond for each subject country.

Source	Yes (also respond to question part (b))	No (If “No” for all countries, skip to next question)	Don’t know
China	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Malaysia	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- (b) If your firm responded “yes” to any of the above countries, please provide an estimate of the reduction in U.S. producers’ prices and any additional explanations.

Source	Estimated reduction in U.S. prices (percent)	Additional explanation, including such information as timing (e.g., months/years), frequency of price reductions, or other market/competitive factors
China	%	
Malaysia	%	

5. **Major purchasing factors.**--Please list, in order of their importance, the main factors your firm considers in deciding from whom to purchase float glass products.

1.	
2.	
3.	
Please list any other factors that are very important in your purchase decisions:	

6. **Other explanations**--Please provide any additional comments in this box.

--

7. **Stock symbol information**-- If your firm or parent firm is publicly traded, please specify the stock exchange and trading symbol: _____.

8. **External counsel**-- If your firm or parent firm is represented by external counsel in relation to this proceeding, having filed an entry of appearance, please specify the name of the law firm and the lead attorney(s).

Law firm:	
Lead attorney(s):	

9. **Reporting requirements.**--Please report the actual number of hours required and the cost to your firm of completing this survey for use by the Office of Management and Budget.

Hours	Dollars

Public reporting burden for this survey is estimated to average 4 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the survey.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please provide such comments to the Office of Investigations, import_injury@usitc.gov.

HOW TO FILE YOUR SURVEY RESPONSE

Please do not attempt to modify the format or permissions of the survey document.

Please submit the completed survey using one of the methods noted below. If your firm is unable to complete the MS Word survey or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**— The questionnaire must be uploaded in two formats: (1) a Microsoft Word 97-2003 document; and (2) a PDF copy of the complete questionnaire with a signature on the first page. Please include any attachments at the end of the PDF (e.g., APO certification, additional comments, etc.).

Web address: <https://usitc.gov/qportal>

Pin: GLASS

Phase: Preliminary

- **E-mail.**— E-mail the MS Word questionnaire to Steven.DiStefano@usitc.gov; include a PDF copy of the complete questionnaire with a signature on the first page. Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure submission portal and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

If your firm did not purchase this product, please fill out page 1, print, sign, and submit a scanned PDF copy via the Commission's secure submission portal or email.
