all animal species are being used by usa govt regulatory agencies as weapons of war. the poor animals put here by god are being abused injured, harmed and then killed for research lab experiments that have no value to anyone. the poor animals are being turned into pandemics by researchers just eager to ger rich on taxpayer dollars. they lie and propagandize with secret meetings to use our tax dollars for trhe most insane experiments that have no form or meaning the funds for this need to be cut to zero. the meetings of thes elying propagandists need to be open and transparent so more of their evil doings ae exposed to the citizens of the usa. tyheir hiding away in secret sneak meetings means they get away with this highway robbery of the citizens of this country. shut down this agency with its weaponiztion of animals in war. this agency is slipshod and negative. their use of fort collins, where the cwd diseases started because of stpidity at fort collilns and now has spread across theu sa shows the negativity and inanity of this regulatory agency. it has no merit its grade for work is zero or f minus. b ker [bk1492@aol.com](#)
