Because of the crazy guidelines that CDC put out the Chronic pain patients are suffering for these people. Our Doctors are afraid to treat our pain.

I have had 2 spinal surgeries that has caused severe pain. Most days I can't get out of bed.

I have taken pain medicine for 30 years, never had a bad drug test, I have never abused my medication.

I don't get enough now to give any relief..Give us back our medicine so we can have a decent life.
