Hi,my opinion is... I find it is very cruel and inhumane the way Drs and INS co.,etc behave HORRIBLY BAD to not help people in pain.Its EXTREMELY bad,on EVERY level,hurting even family and friends,our econmy,etc,etc.Thee narcissists and abusers whom have come up with this broken system of non working " plan" are only hurting people..TENS OF MILLIONS- How can you do that too Soo many ??? .if these people would put in just a little effort into actually helping folks,instead of MASSIVE denials ,laws to delay,deny,manipulate,,you have set the bar too high get pain meds ,far to hard !!? ,when folks NEED these meds.....A new study shows 52 %of Americans say they are VERY UNHAPPY with medical care,,for very good reasons,,this being most prevalent.It ls wrong ,bad,cruel ,inhuman,harmful ,and just plainly INHUMANE.The science has been hijacked to show what you want it too,NOT THE REAL FACTS.There is so much wrong with this situation,on every level,hurting people and not helping.So,my ? To you all..: how are YOU..GOING TO FIX THIS,AND GET OUR MEDS BACK TO US,AS WE DESERVE, ???...,NOT REDUCED QUALITY OF MEDS,RESTRICTIONS,ETC,,TREAT OUT PAIN CORRECTLY ! You would do well IF you actually listened to the pain support groups..PAIN MATTERS AND DR/PT FORUM,,go see red lawherns work !!! I can go on n on,for hours.But will stop here,BEGGING you to seriously come look at our work at these support groups,,and STOP ABUSING PTS ,ESP THE MOST SICK DISABLED !! UNACCEPTABLE !!! YOU are cutting your own help by doing all this,what if,you get seriously injured,your family,wife,child,? Don't you want them to get relief from bad pain ? ,,will you deny them also when they are seriously in pain..i very much doubt that,if so,that's super cruel,,any one of us can and will be next to NEED med help ,Far too many Drs are abusing pts this way..it MUST STOP...THANK YOU,,KINDLY
