

FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE

TEMPORARY STEEL FENCING FROM CHINA

This questionnaire must be received by the Commission by **January 29, 2025**
See last page for instructions regarding how to file this questionnaire.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its countervailing duty and antidumping investigations concerning temporary steel fencing from China (Inv. No. 701-TA-754 and 731-TA-1732 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

Name of firm _____

Address _____

Website _____

Has your firm produced or exported temporary steel fencing (as defined on next page) at any time since January 1, 2021?

☐ **NO** (Sign the certification below and promptly return **only** this page of the questionnaire to the Commission)

☐ **YES** (Complete all parts of the questionnaire, and return the entire questionnaire to the Commission)

Return questionnaire via the Commission's secure portal by clicking on the following link:
<https://usitc.gov/qportal>. PIN: **FENCE**, Phase: **Preliminary**). See last page for detailed instructions.

CERTIFICATION

I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission. By means of this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this proceeding in any other import-injury proceedings conducted by the Commission on the same or similar merchandise.

I, the undersigned, acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceedings may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. I understand that all contract personnel will sign appropriate nondisclosure agreements.

PART I.—GENERAL INFORMATION

Background.--This proceeding was instituted in response to petitions filed on January 15, 2025, by ZND US Inc, Statesville, North Carolina. Countervailing and antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization or dumping. Pertinent information to this proceeding is available at:

Questionnaires: https://usitc.gov/reports/active_import_injury_questionnaires.

Other case information: <https://ids.usitc.gov/case/8264/investigation/8695>

Temporary steel fencing covered by this proceeding consists of temporary steel fence panels and temporary steel fence stands. Temporary steel fence panels, when assembled with temporary steel fence stands or other types of stands outside of the scope, with each other, or with posts, create a free-standing structure. Such structures may include, but are not limited to, fencing for construction sites, security perimeters, and events, as well as animal kennels. Temporary steel fence panels are covered by the scope regardless of whether they attach to a stand or the type of stand to which they connect.

Temporary steel fence panels have a welded frame of steel tubing and an interior consisting of chain link, steel wire mesh, or other steel materials that are not more than ten millimeters in actual diameter or width. The steel tubing may surround all edges of the temporary steel fence panel or only be attached along two parallel sides of the panel. All temporary steel fence panels with at least two framed sides are covered by the scope, regardless of the number of edges framed with steel tubing.

Temporary steel fence panels are typically between 10 and 12 feet long and six to eight feet high, though all temporary steel fence panels are covered by the scope regardless of dimension. Temporary steel fence panels may be square, rectangular, or have rounded edges, and may or may not have gates, doors, wheels, or barbed wire or other features, though all temporary steel fence panels are covered by the scope regardless of shape and other features. Temporary steel fence panels may have one or more horizontal, vertical, or diagonal reinforcement tubes made of steel welded to the inside frame, though all temporary steel fence panels are covered by the scope regardless of the existence, number, or type of reinforcement tubes attached to the panel.

Temporary steel fence panels may have extensions, pins, tubes, or holes at the bottom of the panel, but all temporary steel fence panels are covered regardless of the existence of such features.

Steel fence stands are shapes made of steel that stand flat on the ground and have one or two open tubes or solid pins into which temporary steel fence panels are inserted to stand erect. The steel fence stand may be made of welded steel tubing or may be a flat steel plate with one or two tubes or pins welded onto the plate for connecting the panels.

Temporary steel fencing is covered by the scope regardless of coating, painting, or other finish. Both temporary steel fence panels and temporary steel fence stands are covered by the scope, whether imported assembled or unassembled, and whether imported together or separately.

Subject merchandise includes material matching the above description that has been finished, assembled, or packaged in a third country, including by coating, painting, assembling, attaching to, or packaging with another product, or any other finishing, assembly, or packaging operation that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the temporary steel fencing.

Temporary steel fencing is included in the scope of this investigation whether or not imported attached to, or in conjunction with, other parts and accessories such as hooks, rings, brackets, couplers, clips, connectors, handles, brackets, or latches. If temporary steel fencing is imported attached to, or in conjunction with, such non-subject merchandise, only the temporary steel fencing is included in the scope.

Temporary steel fencing is currently imported under statistical reporting number 7308.90.9590 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

Reporting of information.--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

Confidentiality.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (*see* 19 U.S.C. §1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Verification.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

Valid number error messages.--If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue are provided at the end of this questionnaire and are available upon request from Kristina Lara (202-205-3386, Kristina.Lara@usitc.gov).

- I-1. **Reporting requirements.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire for use by the Office of Management and Budget.

Hours	Dollars

Public reporting burden for this questionnaire is estimated to average 30 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please provide such comments to the Office of Investigations, import_injury@usitc.gov.

- I-2. **Establishments covered.**--Provide the name and address of establishment(s) covered by this questionnaire.

"Establishment"--Each facility of a firm in China involved in the production or export of temporary steel fencing, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities. Firms operating more than one establishment in China should combine the data for all establishments into a single report.

--

“Related firm” –A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.

- I-3. **Related producers.**--Does your firm or any related firm produce, have the capability to produce, or have any plans to produce temporary steel fencing in the United States or other countries?

No	Yes	If yes, please name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission’s U.S. producers’ questionnaire.
<input type="checkbox"/>	<input type="checkbox"/>	

- I-4. **Related U.S. importers.**--Does your firm or any related firm import or have any plans to import temporary steel fencing into the United States?

No	Yes	If yes, please name the firm(s) below and ensure that they complete the Commission’s importer questionnaire.
<input type="checkbox"/>	<input type="checkbox"/>	

- I-5. **Stock symbol information.**-- If your firm or any of the entities reported in questions I-2 through I-4 are publicly traded in the United States, please specify the stock exchange and trading symbol (including American Depositary Receipts, if applicable): _____.

- I-6. **External counsel.**-- If your firm or parent firm is represented by external counsel in relation to this proceeding, please specify the name of the law firm and the lead attorney(s).

Law firm:	
Lead attorney(s):	

I-7. **U.S. importers.**--Please provide the names, contacts, telephone numbers, and e-mail addresses of the **TEN** largest U.S. importers of your firm's temporary steel fencing since January 1, 2021.

	Importer's name	Contact person	Email	Telephone	Share of your firm's 2023 U.S. exports (%)
1					
2					
3					
4					
5					
6					
7

PART II.--TRADE AND RELATED INFORMATION

Further information on this part of the questionnaire can be obtained from Kristina Lara (202-205-3386, Kristina.Lara@usitc.gov). Supply all data requested on a calendar-year basis.

- II-1. **Contact information.**--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in Part II.

Name	
Title	
Email	
Telephone	

- II-2a. **Changes in operations.**--Please indicate whether your firm has experienced any of the following changes in relation to the production of temporary steel fencing since January 1, 2021.

Check as many as appropriate.		If checked, please describe the nature, timing / duration, and impact on operations of any such reported changes as well as the business reasons for them; leave completely blank if not applicable
<input type="checkbox"/>	Plant openings	
<input type="checkbox"/>	Plant closings	
<input type="checkbox"/>	Prolonged shutdowns	
<input type="checkbox"/>	Production curtailments	
<input type="checkbox"/>	Relocations	
<input type="checkbox"/>	Expansions	
<input type="checkbox"/>	Acquisitions	
<input type="checkbox"/>	Consolidations	
<input type="checkbox"/>	Weather-related or force majeure events	
<input type="checkbox"/>	Other (e.g., revised labor agreements, technology)	

- II-2b. **COVID-19 pandemic.**—Has the COVID-19 pandemic or have any government actions taken to contain the spread of the COVID-19 virus resulted in changes in your firm's supply chain arrangements, production, and shipments (including exports to the United States) relating to temporary steel fencing since January 1, 2021? In your response, please discuss the duration and timing of any such changes as they relate to your firm's operations.

No	Yes	If yes, describe these changes including the impact over time on the (a) supply chain and (b) production and shipments with respect to temporary steel fencing.
<input type="checkbox"/>	<input type="checkbox"/>	

- II-2c. **Anticipated changes in operations.**—Does your firm anticipate any changes in the character of its operations or organization (as noted above) relating to the production of temporary steel fencing in the future?

No	Yes	If yes, supply details as to the likely timing, nature, and significance of such anticipated changes and describe the underlying assumptions and business reasons for them.
<input type="checkbox"/>	<input type="checkbox"/>	

- II-3a. **Production using same machinery.**--Please report your firm's production of products using the same equipment, machinery, or employees as used to produce temporary steel fencing, and the combined capacity (both installed and practical capacity) on this shared equipment, machinery, or employees in the periods indicated.

"Installed overall capacity" – The level of production that your establishment(s) could have attained, assuming your firm's *optimal* product mix, and based solely on *existing capital investments*, i.e., machinery and equipment that is in place and ready to operate. This capacity measure does not take into account other constraints to production such as existing workforce constraints, availability of raw materials, or downtime for maintenance, repair, and clean-up. This capacity measure is sometimes referred to as "nameplate" or "theoretical" capacity.

"Practical overall capacity" – The level of production that your establishment(s) could reasonably have expected to attain, taking into account your firm's *actual* product mix over the period. This capacity measure is based on not only existing capital investments, i.e., machinery and equipment that is in place and ready to operate; but also non-capital investment constraints, such as (1) normal operating conditions, including normal downtime for maintenance, repair, and cleanup; (2) your firm's existing in place and readily available labor force; (3) availability of material inputs; and (4) any other constraints that may have limited your firm's ability to produce the reported products. Importantly, this capacity measure is the maximum "practical" production your firm could have achieved without hiring new personnel or expanding the number of shifts operated in the period.

"Practical temporary steel fencing capacity" – The level of production of temporary steel fencing that your establishment(s) could reasonably have expected to attain. The same assumptions apply to this capacity measure as for practical overall capacity, but only includes the portion of practical overall capacity allocated to the production of temporary steel fencing based on the actual product mix experienced over the period.

"Production" – All production in your establishment(s) in China, including production consumed internally within your firm and production for another firm under a toll agreement.

Takes into account	Installed overall capacity	Practical overall capacity	Practical temporary steel fencing capacity
Existing capital investments	Yes	Yes	Yes
Product mix	Yes	Yes	Yes
Normal downtime, maintenance, repair and clean-up	No	Yes	Yes
Existing labor force	No	Yes	Yes
Availability of material inputs	No	Yes	Yes
Actual number of shifts and hours operated	No	Yes	Yes
Limited to temporary steel fencing	No	No	Yes

II-3a. **Production using same machinery.—Continued**

Quantity (in 1,000 pounds)					
Item	Calendar year			January-September	
	2021	2022	2023	2023	2024
Capacity measures:					
Installed overall capacity ¹					
Practical overall capacity ^{1 2}					
Practical temporary steel fencing capacity ^{3 4}	0	0	0	0	0
Production of:					
Temporary steel fencing ^{3 4}	0	0	0	0	0
Other out-of-scope products:					
Out-of-scope fencing panels ⁵					
Out-of-scope fence stands ⁶					
Other products ⁷					
Subtotal, all out-of-scope products	0	0	0	0	0
Total production using same machinery or workers	0	0	0	0	0

¹ Data reported for both "installed overall" and "practical overall" capacity should each individually be greater than data reported for total production (last line). Additionally, data reported for "installed overall" capacity should be greater than "practical overall" capacity in every period.

² Please provide details in your response to the question on capacity constraints in question II-3d below that explain the differences reported between "installed" and "practical" overall production capacities.

³ Data entered in question II-9 for this indicator will populate here.

⁴ Data reported for practical temporary steel fencing capacity should be greater than the data reported for production of temporary steel fencing in each period, if not revise prior to submission to the Commission. Additionally, if your firm reports the production of no other products on the same machinery and using the same workers as temporary steel fencing then "practical overall" and "practical temporary steel fencing" capacity measures should be equal to each other.

⁵ Fencing panels that are otherwise in-scope, but with an interior consisting of chain link, steel wire mesh, or other steel materials that are **more than** ten millimeters in actual diameter or width. Please briefly describe these out-of-scope fencing panels: _____.

⁶ See page 2 for a description of the steel fence stands that are within the scope of these investigations. Please briefly describe these out-of-scope fencing stands: _____.

⁷ Please identify these other products: _____.

- II-3b. **Operating parameters.**--The *practical* overall capacity reported in II-3a is based on the following operating parameters:

Hours per week	Weeks per year

- II-3c. **Capacity calculations.**--Please describe the methodology used to calculate *installed* and *practical* overall capacities reported in II-3a, and explain any changes in reported capacities.

--

- II-3d. **Practical overall capacity constraints.**--Please describe the constraint(s) that set the limit(s) on your firm's practical overall capacity over the period reported in question II-3a. If different constraints were binding over different periods reported, please specify when each constraint was limiting your reported practical overall capacity. If a constraint was not actually binding over the period reported, but was still a constraint to achieving the installed capacity level, indicate at what level it would have been binding.

Constraint (check as many as appropriate)		Description (If checked, please describe the details, timing, and duration of the constraint; leave completely blank if not applicable)
<input type="checkbox"/>	Production bottlenecks	
<input type="checkbox"/>	Existing labor force	
<input type="checkbox"/>	Supply of material inputs	
<input type="checkbox"/>	Fuel or energy	
<input type="checkbox"/>	Storage capacity	
<input type="checkbox"/>	Logistics/transportation	
<input type="checkbox"/>	Other constraints (list the specific constraints in the description field)	

- II-3e. **Reaching installed overall capacity.**--Please describe and quantify the amount of time it would take and the additional actions that would be needed (e.g., hiring new workers, expanding shifts, procuring larger sources of raw material supply, etc.) for your firm to be able to fully utilize the reported installed overall capacity reported in II-3a.

--

- II-3f. **Excess installed overall capacity:** To the extent that your company is reporting excess installed overall capacity, please report, with specificity: (1) which machines or equipment (or other elements of production) would need to be brought back into production for your plant to operate at full capacity, and (2) the specific dates on which such machines or equipment were last used by your plant to produce temporary steel fencing.

--

- II-4. **Product shifting.**—

- (a) Is your firm able to switch production (capacity) between temporary steel fencing and other products using the same equipment and/or labor?

No	Yes	If yes—(i.e., have produced other products or are able to produce other products) Please identify other actual or potential products.
<input type="checkbox"/>	<input type="checkbox"/>	

- (b) Please describe the factors that affect your firm's ability to shift capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.

--

- II-5. **Capacity checklist.**--Please check that the capacity numbers reported in question II-3a follow the Commission's relevant definitions for capacity.

Item	√ if Yes
Are all three capacity measures reported based on <u>currently installed machinery and equipment</u> (i.e., the reported capacity level would not require additional capital investments in order to achieve)?	<input type="checkbox"/>
Are practical overall capacity and practical temporary steel fencing capacity measures reported based on <u>existing labor force</u> (i.e., the reported capacity level would not require hiring additional production related workers or adding shifts)?	<input type="checkbox"/>
Are practical overall capacity and practical temporary steel fencing capacity measures based on <u>the actual availability of material inputs</u> ?	<input type="checkbox"/>
Do both practical overall capacity and practical temporary steel fencing capacity measures account for <u>normal downtime, maintenance, repair and clean-up</u> activities?	<input type="checkbox"/>
Does the difference between practical overall capacity and practical temporary steel fencing capacity equal the portion of practical overall capacity that is dedicated to the production of out-of-scope products?	<input type="checkbox"/>

Note: If your firm is not able to answer "yes" to any of the above criteria as it relates to your firm's reported capacity levels, please revise your capacity numbers to be in conformance with the appropriate definition prior to submission to the Commission.

- II-6. **Share of sales.**--What percentage of your firm's total sales in its most recent fiscal year was represented by sales of temporary steel fencing? _____ percent.
- II-7a. **Firm's estimated share of production in China.**--Please estimate the percentage of total production of temporary steel fencing in China accounted for by your firm's production in 2023. _____ percent.
- II-7b. **Firm's estimated share of exports from China.**--Please estimate the percentage of total exports to the United States of temporary steel fencing from China accounted for by your firm's exports in 2023. _____ percent.
- II-8. **Third country trade actions.**--Is the temporary steel fencing exported by your firm subject to antidumping/countervailing duty/safeguard findings, remedies, or proceedings?

No	Yes	If yes--List the products(s), countries affected, and the date of such findings/remedies/proceedings.
<input type="checkbox"/>	<input type="checkbox"/>	

- II-9. **Trade data**--Report your firm's capacity, production, shipments, and inventories related to the production of temporary steel fencing in your establishment(s) in China during the specified periods. Do not include resales of temporary steel fencing that your firm did not produce in this question; those data to the degree they are exported to the United States should only be reported in question II-10.

Do not submit data by manufacturing facility if they are in the same country. If your firm has multiple manufacturing establishments within one country, you are required to combine data for those establishments within one foreign producer questionnaire response.

"Production" – All production in your establishment(s) in China, including production consumed internally within your firm and production for another firm under a toll agreement.

"Shipments"--Shipments of products produced in your establishment(s) in China. Quantities reported should be net of returns.

"Home market commercial shipments"--Shipments, other than internal consumption and transfers to related firms, within China.

"Home market internal consumption/transfers to related firms"--Shipments made to related firms in China, including product consumed internally by your firm.

"Export shipments"--Shipments to destinations outside of the country indicated on page 1 (China), including shipments to related firms.

"Inventories"--Finished goods inventory, not raw materials or work-in-progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-9. Trade data.--Continued.

Quantity (in 1,000 pounds)							
Item	Actual experience					Projections ¹	
	Calendar year			January-September		Calendar year	
	2021	2022	2023	2023	2024	2024	2025
Practical temporary steel fencing capacity² (A)							
Beginning-of-period inventories (B)							
Production² (C)							
Home market shipments: Internal consumption/ transfers (D)							
Commercial shipments (E)							
Export shipments: to the United States (F)							
to all other markets (G) ³							
Total exports (H)	0	0	0	0	0	0	0
Total shipments (I)	0	0	0	0	0	0	0
End-of-period inventories (J)							

¹ Explain the basis of your firm's projections: _____.

² Report your firm's practical temporary steel fencing capacity consistent with the definitions and instructions included in question II-3a.

³ Identify your firm's principal other export markets: _____.

RECONCILIATION OF SHIPMENTS, PRODUCTION, AND INVENTORY.--Generally, the data reported for the end-of-period inventories (i.e., line J) should be equal to the beginning-of-period inventories (i.e., line B), plus production (i.e., line C), less total shipments (i.e., lines D, E, F, and G). Please ensure that any differences are not due to data entry errors in completing this form, but rather actually reflect your firm's records; and also provide any likely explanations for any differences (e.g., theft, loss, damage, record systems issues, etc.) if they exist.

Item	Actual experience					Projections	
	Calendar year			January-September		Calendar year	
	2021	2022	2023	2023	2024	2024	2025
B + C – D – E – F – G – J = should equal zero ("0") or provide an explanation. ¹	0	0	0	0	0	0	0

¹ Explanation if the calculated fields above are returning values other than zero (i.e., "0") but are nonetheless accurate: _____.

- II-10. **Exports to the United States not produced by your firm.**--Report your firm's exports to the United States of temporary steel fencing that was produced in China but not by your firm during the specified periods. Note these data should **not** be included in question II-9.

Quantity (in 1,000 pounds)							
Item	Actual experience					Projections	
	Calendar year			January-September		Calendar year	
	2021	2022	2023	2023	2024	2024	2025
Exports of temporary steel fencing to the United States not produced by your firm ¹							
¹ List the producer(s). _____.							

- II-11. **Other explanations.**--If your firm would like to further explain a response to a question in Part II for which a narrative box was not provided, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

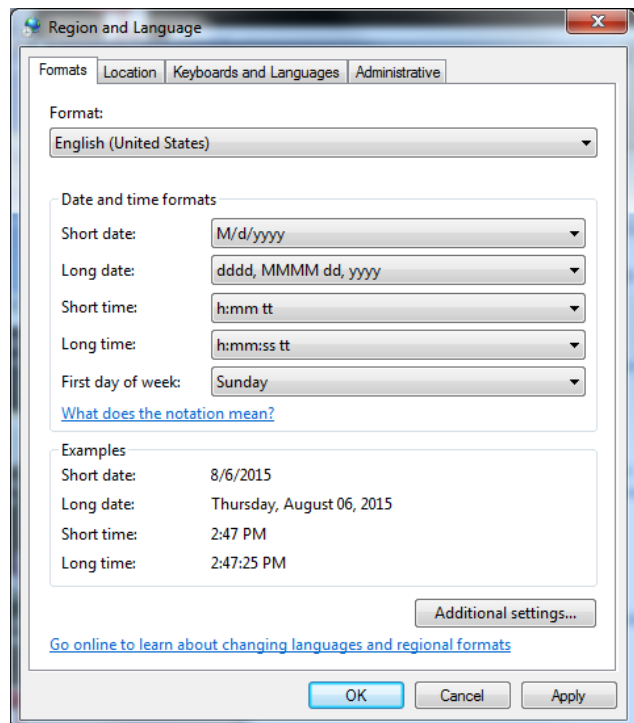

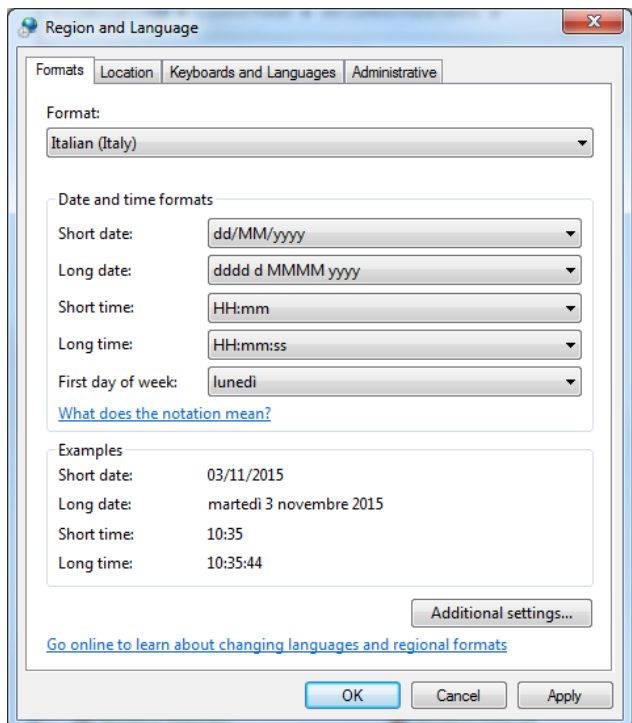

Correcting valid number error messages.--If you are completing this questionnaire in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. This issues stem from your computer number formatting setting (e.g., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (,) delineate multiples of 1000 and periods (.) delineate fractions less than one. Many EU countries use the reverse where multiples of 1000 are delineated with periods (.) and fractions less than one are delineated with commas (,). This questionnaire is prepared in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU number formatting, we believe this may cause this issue.

The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer's number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g., "Italian (Italy)") to "English (United States)" (see screen shots below)

When you do this the number "twelve million dollars and thirty five cents" would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the USITC foreign producer questionnaire form. When you finish reporting the data then you can close the questionnaire and switch back to your country settings.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website at:

https://usitc.gov/reports/active_import_injury_questionnaires.

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Commission’s secure submission portal.**— The questionnaire must be uploaded in two formats: (1) a Microsoft Word 97-2003 document; and (2) a PDF copy of the complete questionnaire with a signature on the first page. Please include any attachments at the end of the PDF (e.g., APO certification, additional comments, etc.).

Web address: <https://usitc.gov/qportal> **Pin:** GLASS **Phase:** Preliminary

- **E-mail.**— *E-mail the MS Word questionnaire to Kristina.Lara@usitc.gov; include a PDF copy of the complete questionnaire with a signature on the first page. Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure submission portal and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

If your firm did not produce or export this product, please fill out page 1, print, sign, and submit a scanned PDF copy via the Commission’s secure submission portal or email.

Parties to this proceeding.— If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1802). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
