

U.S. PRODUCERS' QUESTIONNAIRE

LARGE TOP MOUNT COMBINATION REFRIGERATOR-FREEZERS FROM THAILAND

This questionnaire must be received by the Commission by **March 28, 2025**

See last page for instructions regarding how to file this questionnaire.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping investigation concerning top mount refrigerators from Thailand (Inv. No. 731-TA-1696 (Final)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

Name of firm _____

Address _____

City _____ State _____ Zip Code _____

CERTIFICATION

I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission. By means of this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this proceeding in any other import-injury proceedings conducted by the Commission on the same or similar merchandise.

I, the undersigned, acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceedings may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. I understand that all contract personnel will sign appropriate nondisclosure agreements.

PART I.—GENERAL INFORMATION

Background.-- This proceeding was instituted in response to a petition filed on May 30, 2024, by Electrolux Consumer Products, Inc., Charlotte, North Carolina. Antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce (“Commerce”) makes an affirmative determination of dumping. Pertinent information to this proceeding is available at:

Questionnaires: https://usitc.gov/reports/active_import_injury_questionnaires.

Other case information: <https://ids.usitc.gov/case/8202/investigation/8579>

Top mount refrigerators covered by this proceeding are large top mount combination refrigerator-freezers with a refrigerated volume of at least 15.6 cubic feet or 442 liters. For the purposes of this questionnaire, the term “top mount refrigerators” consists of freestanding or built-in cabinets that have an integral source of refrigeration using compression technology, with all of the following characteristics:

- The cabinet contains at least two interior storage compartments accessible through two separate external doors;
- The lower-most interior storage compartment(s) that is accessible through an external door is a fresh food or convertible compartment, but is not a freezer compartment, however, the existence of an interior sub-compartment for ice-making in the lower-most storage compartment does not render the lower-most storage compartment a freezer compartment; and
- There is a freezer or convertible compartment that is mounted above the lower-most interior storage compartment(s).

For the purposes of the investigation, a fresh food compartment is capable of storing food at temperatures above 32 degrees F (0 degrees C), a freezer compartment is capable of storing food at temperatures at or below 32 degrees F (0 degrees C), and a convertible compartment is capable of operating as either a fresh food compartment or a freezer compartment, as defined in this paragraph.

The products subject to this investigation are currently imported under statistical reporting number 8418.10.0075 of the Harmonized Tariff Schedule of the United States (HTSUS). They may also be imported under HTSUS statistical reporting numbers 8418.21.0090, 8418.40.0000, and 8418.69.0180. The HTSUS statistical reporting numbers are provided for convenience and customs purposes, but the written description of the merchandise subject to this scope is dispositive.

Branded top mount refrigerator.-- Top mount refrigerators produced or packaged for sale under the name of the manufacturer of the top mount refrigerator or a brand name owned by that manufacturer.

Private/white label top mount refrigerator.-- Top mount refrigerators produced or packaged for sale under the name other than that of the manufacturer of the top mount refrigerator or a brand name owned by that manufacturer. This category should include both “private” label top mount refrigerators where the purchaser/customer owns or applies its own name or brand, as well “white” label top mount refrigerators where a third-party brand (neither the manufacture’s name or brands, nor the purchaser/customer’s name or brands) has been used.

Reporting of information.--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

Confidentiality.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Verification.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

D-GRIDS tool.--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macro-enabled MS Excel file available for download from the Commission's generic questionnaires webpage (https://www.usitc.gov/trade_remedy/question.htm) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is *optional*. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

- I-1a. **Reporting requirements.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire for use by the Office of Management and Budget.

Hours	Dollars

Public reporting burden for this questionnaire is estimated to average 55 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please provide such comments to the Office of Investigations, import_injury@usitc.gov.

- I-1b. **TAA information release.**--In the event that the U.S. International Trade Commission (USITC) makes an affirmative final determination in this proceeding, do you consent to the USITC's release of your contact information (company name, address, contact person, contact person's title, telephone number, email address) appearing on the front page of this questionnaire to the Departments of Commerce, Labor, and Agriculture, as applicable, so that your firm and its workers can be made eligible for benefits under the Trade Adjustment Assistance program?

☐ Yes

☐ No

- I-2a. **Establishments covered.**--Provide the city, state, zip code, and brief description of each establishment covered by this questionnaire. **Firms operating more than one establishment should combine the data for all establishments into a single report.**

"Establishment"--Each facility of a firm involved in the production of top mount refrigerators, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

I-5. **Ownership**--Is your firm owned, in whole or in part, by any other firm?

☐ No ☐ Yes--List the following information, relating to the ultimate parent/owner.

Firm name	Country	Extent of ownership (percent)

“Related firm” --A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.

I-6. **Related importers/exporters**--Does your firm have any related firms, either domestic or foreign, that are engaged in importing top mount refrigerators from Thailand into the United States or that are engaged in exporting top mount refrigerators from Thailand to the United States?

☐ No ☐ Yes--List the following information.

Firm name	Country	Affiliation

I-7. **Related producers**--Does your firm have any related firms, either domestic or foreign, that are engaged in the production of top mount refrigerators?

☐ No ☐ Yes--List the following information.

Firm name	Country	Affiliation

PART II.--TRADE AND RELATED INFORMATION

Further information on this part of the questionnaire can be obtained from Stamen Borisson (202-205-3125, stamen.borisson@usitc.gov). **Supply all data requested on a calendar-year basis.**

- II-2a. **Changes in operations.**--Please indicate whether your firm has experienced any of the following changes in relation to the production of top mount refrigerators since January 1, 2022.

<i>Check as many as appropriate.</i>		<i>If checked, please describe the nature, timing / duration, and impact on operations of any such reported changes as well as the business reasons for them; leave completely blank if not applicable</i>

- II-2b. **COVID-19 pandemic.**— Since January 1, 2022, has the COVID-19 pandemic or have any government actions taken to contain the spread of the COVID-19 virus resulted in changes in your firm's supply chain arrangements, production, employment, and shipments relating to top mount refrigerators? In your response, please discuss the duration and timing of any such changes as they relate to your firm's operations.

No	Yes	If yes, describe these changes including the impact over time on the (a) supply chain, (b) production and shipments, and (c) employment with respect to top mount refrigerators.
<input type="checkbox"/>	<input type="checkbox"/>	

- II-3a. **Production using same machinery.**--Please report your firm's production of products using the same equipment, machinery, or employees as used to produce top mount refrigerators, and the combined capacity (both installed and practical capacity) on this shared equipment, machinery, or employees in the periods indicated.

"Installed overall capacity" – The level of production that your establishment(s) could have attained, assuming your firm's *optimal* product mix, and based solely on *existing capital investments*, i.e., machinery and equipment that is in place and ready to operate. This capacity measure does *not* take into account other constraints to production such as existing workforce constraints, availability of raw materials, or downtime for maintenance, repair, and clean-up. This capacity measure is sometimes referred to as "nameplate" or "theoretical" capacity.

"Practical overall capacity" – The level of production that your establishment(s) could reasonably have expected to attain, taking into account your firm's *actual* product mix over the period. This capacity measure is based on not only existing capital investments, i.e., machinery and equipment that is in place and ready to operate; but also non-capital investment constraints, such as (1) normal operating conditions, including normal downtime for maintenance, repair, and cleanup; (2) your firm's existing in place and readily available labor force; (3) availability of material inputs; and (4) any other constraints that may have limited your firm's ability to produce the reported products. Importantly, this capacity measure is the maximum "practical" production your firm could have achieved without hiring new personnel or expanding the number of shifts operated in the period.

"Practical top mount refrigerators capacity" – The level of production of top mount refrigerators that your establishment(s) could reasonably have expected to attain. The same assumptions apply to this capacity measure as for practical overall capacity, but only includes the portion of practical overall capacity allocated to the production of top mount refrigerators based on the actual product mix experienced over the period.

"Production" – All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.

Takes into account	Installed overall capacity	Practical overall capacity	Practical top mount refrigerators capacity
Existing capital investments	Yes	Yes	Yes
Product mix	Yes	Yes	Yes
Normal downtime, maintenance, repair and clean-up	No	Yes	Yes
Existing labor force	No	Yes	Yes
Availability of material inputs	No	Yes	Yes
Actual number of shifts and hours operated	No	Yes	Yes
Limited to top mount refrigerators	No	No	Yes

<p>¹ Data reported for both "installed overall" and "practical overall" capacity should each individually be greater than data reported for total production (last line). Additionally, data reported for "installed overall" capacity should be greater than "practical overall" capacity in every period.</p> <p>² Please provide details in your response to the question on capacity constraints in question II-3d below that explain the differences reported between "installed" overall capacity and "practical" overall capacity.</p> <p>³ Data for this indicator will populate here once reported below in question II-8.</p> <p>⁴ Data reported for practical top mount refrigerators capacity should be greater than the data reported for production of top mount refrigerators in each period, if not revise prior to submission to the Commission. Additionally, if your firm reports the production of no other products on the same machinery and using the same workers as top mount refrigerators then "practical overall" and "practical top mount refrigerators" capacity measures should be equal to each other.</p> <p>⁵ Please identify these products: _____.</p>			

- II-3b. **Operating parameters.**--The *practical* overall capacity reported in II-3a is based on the following operating parameters:

Hours per week	Weeks per year

- II-3c. **Capacity calculations.**--Please describe the methodology used to calculate *installed* and *practical* overall production capacities reported in II-3a, and explain any changes in reported capacities.

--

- II-3d. **Practical overall capacity constraints.**--Please describe the constraint(s) that set the limit(s) on your firm's practical overall capacity over the period reported in question II-3a. If different constraints were binding over different periods reported, please specify when each constraint was limiting your reported practical overall capacity. If a constraint was not actually binding over the period reported, but was still a constraint to achieving the installed capacity level, indicate at what level it would have been binding.

- II-3e. **Reaching installed overall capacity.**--Please describe and quantify the amount of time it would take and the additional actions that would be needed (e.g., hiring new workers, expanding shifts, procuring larger sources of raw material supply, etc.) for your firm to be able to fully utilize the reported installed overall capacity reported in II-3a.

--

- II-3f. **Excess installed overall capacity.**--To the extent that your company is reporting excess installed overall capacity, please report, with specificity: (1) which machines or equipment (or other elements of production) would need to be brought back into production for your plant to operate at full capacity, and (2) the specific dates on which such machines or equipment were last used by your plant to produce top mount refrigerators.

--

- II-4. **Product shifting.**—

- (a) Is your firm able to switch production (capacity) between top mount refrigerators and other products using the same equipment and/or labor?

No	Yes	If yes—(i.e., have produced other products or are able to produce other products) Please identify other actual or potential products.
<input type="checkbox"/>	<input type="checkbox"/>	

- (b) Please describe the factors that affect your firm's ability to shift capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.

- II-5. **Capacity checklist.**--Please check that the capacity numbers reported in question II-3a follow the Commission's relevant definitions for capacity.

Item	✓ if Yes
Are all three capacity measures reported based on <u>currently installed machinery and equipment</u> (i.e., the reported capacity level would not require additional capital investments in order to achieve)?	<input type="checkbox"/>
Are practical overall capacity and practical top mount refrigerators capacity measures reported based on <u>existing labor force</u> (i.e., the reported capacity level would not require hiring additional production related workers or adding shifts)?	<input type="checkbox"/>
Are practical overall capacity and practical top mount refrigerators capacity measures based on <u>the actual availability of material inputs</u> ?	<input type="checkbox"/>
Do both practical overall capacity and practical top mount refrigerators capacity measures account for <u>normal downtime, maintenance, repair and clean-up</u> activities?	<input type="checkbox"/>
Does the difference between practical overall capacity and practical top mount refrigerators capacity equal the portion of practical overall capacity that is dedicated to the production of out-of-scope products?	<input type="checkbox"/>

Note: If your firm is not able to answer "yes" to any of the above criteria as it relates to your firm's reported capacity levels, please revise your capacity numbers to be in conformance with the appropriate definition prior to submission to the Commission.

- II-6. **Tolling.**--Since January 1, 2022, has your firm been involved in a toll agreement regarding the production of top mount refrigerators?

"Toll agreement"-- Agreement between two firms whereby the first firm ("tollee") furnishes the raw materials and the second firm ("toller") uses the raw materials to produce a product that it then returns to the first firm with a charge for processing costs, overhead, etc.

No	Yes

II-7. Foreign trade zones.--

- (a) **Firm's FTZ operations.**--Does your firm produce top mount refrigerators in and/or admit top mount refrigerators into a foreign trade zone (FTZ)?

“Foreign trade zone” is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise. A foreign trade zone must be designated as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

No	Yes	If yes--Describe the nature of your firm's operations in FTZs and identify the specific FTZ site(s).
<input type="checkbox"/>	<input type="checkbox"/>	

- (b) **Other firms' FTZ operations.**--To your knowledge, do any firms in the United States import top mount refrigerators into a foreign trade zone (FTZ) for use in distribution of top mount refrigerators and/or the production of downstream articles?

No	Yes	If yes--Identify the firms and the FTZs.
<input type="checkbox"/>	<input type="checkbox"/>	

II-7. Foreign trade zones.--Continued

- (c) **Withdrawals from FTZs into consumption of imported out-of-scope parts embodied in U.S. manufactured top mount refrigerators and classified for Customs purposes as such.**— Report the quantity and value of your firm's withdrawals from your FTZs that were for Customs purposes reported as an import of a top mount refrigerator, but actually reflect the use of imported out-of-scope parts used in the production of domestically-produced top mount refrigerators (i.e., parts physically arrived into the United States on a General Imports basis from abroad, were admitted into a U.S.-based foreign trade zone for processing as foreign status merchandise, not top mount refrigerators, but were reported as an import of a top mount refrigerators for Customs entry purposes when withdrawn into consumption).

- II-8. **Production, shipments, and inventory data.**-- Report your firm's practical capacity, production, shipments and inventories of domestically produced top mount refrigerators during the specified periods.

“Production” – All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.

“Commercial U.S. shipments” –Shipments made within the United States as a result of an arm’s length commercial transaction in the ordinary course of business. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.

“Internal consumption” – Product consumed internally by your firm, which includes merchandise that your firm shipped to your own firm’s retail establishments (i.e., shipped to either a bricks-and-mortar store, directly to an end use customer or household via your own firm's online sales platforms, or to an online order fulfillment center). Such transactions are to be valued at fair market value at the time the product is shipped and not the retail sale value in the case of your firm owning and operating its own retail establishments, selling directly to an individual end use customer or household, or using a third-party fulfillment center to fulfill retail level sales.

“Transfers to related firms” –Shipments made to related firms. Such transactions are valued at fair market value.

“Related firm” –A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.

“Export shipments” –Shipments to destinations outside the United States, including shipments to related firms.

“Inventories”— Finished goods inventory, not raw materials or work-in-progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

- II-11. **Employment data.**--Report your firm's employment-related data in your U.S. establishments related to the production of top mount refrigerators and provide an explanation for any trends in these data.

"Production and Related Workers" (PRWs) includes working supervisors and all nonsupervisory workers (including group leaders and trainees) engaged in fabricating, processing, assembling, inspecting, receiving, storage, handling, packing, warehousing, shipping, trucking, hauling, maintenance, repair, janitorial and guard services, product development, auxiliary production for plant's own use (e.g., power plant), recordkeeping, and other services closely associated with the above production operations.

Average number employed may be computed by adding the number of employees, both full time and part time, for the 12 pay periods ending closest to the 15th of the month and divide that total by 12.

"Hours worked" includes time paid for sick leave, holidays, and vacation time. Include overtime hours actually worked; do not convert overtime pay to its equivalent in straight time hours.

"Wages paid" --Total wages paid before deductions of any kind (e.g., withholding taxes, old-age and unemployment insurance, group insurance, union dues, bonds, etc.). Include wages paid directly by your firm for overtime, holidays, vacations, and sick leave.

Explanation of trends:

- II-12. **Transfers to related firms.**--If your firm reported transfers to related firms in question II-8, please identify the firm(s) and indicate the nature of the relationship between your firm and the related firms (e.g., joint venture, wholly owned subsidiary), whether the transfers were priced at market value or by a non-market formula, whether your firm retained marketing rights to all transfers, and whether the related firms also processed inputs from sources other than your firm.

- II-13. **Purchases.**--Has your firm purchased top mount refrigerators produced in the United States or in other countries since January 1, 2022? (Do not include imports for which your firm was the importer of record. These should be reported in an importer questionnaire.)

"Purchase" – A transaction to buy product from a U.S. corporate entity such as another U.S. producer, a U.S. distributor, or a U.S. firm that has directly imported the product.

"Import" – A transaction to buy from a foreign supplier where your firm is the importer of record.

No	Yes	If yes--Report such purchases in the table below and explain the reasons for your firms' purchases.
<input type="checkbox"/>	<input type="checkbox"/>	

Note: If your firm served as the importer of record for any purchases from foreign suppliers, either for your own account or as a service for another entity, those purchases are to be considered "imports" not "purchases" and **should not** be included in the table below

II-14. Purchases of imports from subject sources.—Continued.

***RECONCILIATION OF PURCHASES FROM SUBJECT SOURCES.**--Please ensure that the quantities reported for your firm's purchases of imports from subject sources reported in this question (i.e., "total purchases of imports from subject sources") in each time period equal the quantity reported for your firm's purchases from subject sources in each time period in the previous question. If the calculated fields below return values other than zero (i.e., "0"), the data reported must be revised prior to submission to the Commission.*

II-16. Other explanations.--If your firm would like to further explain a response to a question in Part II for which a narrative box was not provided, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section.

PART III.--FINANCIAL INFORMATION

Address questions on this part of the questionnaire to Emily Kim (202-205-1800, emily.kim@usitc.gov).

- III-1. **Contact information.**—Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in Part III.

Telephone	

- III-2. **Accounting system.**—Briefly describe your firm's financial accounting system.

- A.1. When does your firm's fiscal year end (month and day)? _____
If your firm's fiscal year changed since January 1, 2022, explain below:

- A.2. Note: Calendar-year data are required for the annual-year financial data in this section (i.e., in questions III-9a, III-9d, III-12a, and III-13a). However, if providing this data on a calendar-year basis is unduly burdensome or provides results that are not reliable, fiscal-year based data are acceptable. Please indicate whether the results in this section are provided on a calendar-year basis (including firms with a calendar-year based fiscal year) or on a fiscal-year basis that does not align with the calendar year.

☐ Calendar-year basis ☐ Fiscal-year basis (does not align with the calendar year)

- B.1. Describe the lowest level of operations (e.g., plant, division, company-wide) for which financial statements are prepared that include top mount refrigerators:

- B.2. Does your firm prepare profit/loss statements for top mount refrigerators:

☐ Yes ☐ No

- B.3. Please indicate the type and frequency (if applicable) of financial statements prepared by your firm. Please check relevant items below.

- III-5. **Inputs from related suppliers.**—Does your firm purchase **inputs** (raw material inputs, labor, energy, or any services) used in the production of top mount refrigerators from any related suppliers (e.g., inclusive of transactions between related firms, divisions and/or other components within the same company)?

☐ Yes--Continue to question III-6. ☐ No--Continue to question III-8a.

- III-6. **Inputs from related suppliers.**—Please identify the inputs used in the production of top mount refrigerators that your firm purchases from related suppliers and that are reflected in question III-9a. For “Share of total COGS” please report this information by relevant input for 2024.

- III-7b. **Valuation method used for inputs from related suppliers.**—Please confirm that the inputs purchased from related suppliers, as identified in III-6, were reported in III-9a (financial results on top mount refrigerators) in a manner consistent with the firm’s accounting books and records.

Yes	No	If no—Provide an explanation and the valuation basis used for these inputs in question III-9a.
<input type="checkbox"/>	<input type="checkbox"/>	

- III-8. **Cost assignment/allocation basis.**—Briefly describe the assignment/allocation bases used by your firm to assign the costs and expenses listed below for top mount refrigerators in the normal course of business and in the financial results reported in question III-9a (e.g., actual costs, standard costs, percentage of COGS, percentage of sales, etc.).

Cost/expense	Assignment/allocation bases used for top mount refrigerators—	
	In the normal course of business	In the financial results at III-9a

III-9a. **Operations on top mount refrigerators.**—Report the revenue and related cost information requested below on the top mount refrigerators operations of your firm's U.S. establishment(s). Include only sales (whether domestic or exports) and costs related to your U.S. manufacturing operations. Do not report any revenue or cost data related to the resale of purchased product.

Net sales—Report all commercial sales, internal consumption, and transfers to related firms, whether these are domestic sales or exports. Report net sales values less discounts, returns, allowances, and prepaid freight, in U.S. dollars, f.o.b. your point of shipment. The freight costs associated with delivering the product to your customer should not be included.

Note: If the financial data are reported on a calendar-year basis, the total net sales quantities and values should match the total shipment quantities and values reported in Part II of this questionnaire (see question III-14 for a reconciliation grid).

Internal consumption—Product consumed internally by your firm. Report internal consumption at fair market value even if this is not how these transactions are valued in your own books and records. This would commonly be estimated based on the company's commercial sales of similar product or market knowledge.

Transfers to related firms—Sales made to related firms. Report transfers to related firms at fair market value even if this is not how these transactions are valued in your own books and records. This would commonly be estimated based on the company's commercial sales of similar product or market knowledge.

Costs and expenses—Include costs and expenses associated with all reported net sales (i.e., for both domestic and export commercial sales, internal consumption, and transfers to related firms). If any freight costs were removed from net sales values, ensure the associated costs are removed from the applicable cost/expense line.

Inputs from related suppliers—Any inputs purchased from related suppliers should be reported in a manner consistent with your firm's accounting books and records.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the financial data, as Commission staff may contact your firm regarding questions on the financial data. The Commission may also request that your company submit copies of the supporting documents/records (financial statements, including internal profit-and-loss statements for the division or product group that includes top mount refrigerators, as well as specific statements and worksheets) used to compile these data.

III-12a. **Asset values.**—Report the total assets (i.e., both current and long-term assets) associated with the production, warehousing, and sale of top mount refrigerators. If your firm does not maintain some or all of the specific asset information necessary to calculate total assets for top mount refrigerators in the normal course of business, please estimate this information based upon a method (such as production, sales, or costs) that is consistent with relevant cost allocations used in question III-9a.

Note: Total assets should reflect the net amount of assets (i.e., after any accumulated depreciation and allowances deducted) and should be allocated to top mount refrigerators if these assets are also related to other products.

PRICE DATA

- IV-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers since January 1, 2022 of the following products produced by your firm.

Product 1. -- Top mount refrigerator, total capacity of 17.5-18.3 cubic feet; stainless steel; no internal icemaker; Energy-star rated.

Product 2.-- Top mount refrigerator, total capacity of 17.5-18.3 cubic feet; stainless steel; no internal icemaker; non-Energy-star rated.

Product 3.-- Top mount refrigerator, total capacity of 17.5-18.3 cubic feet; monochrome (white or black); no internal icemaker; Energy-star rated.

Product 4.-- Top mount refrigerator, total capacity of 17.5-18.3 cubic feet; monochrome (white or black); no internal icemaker; non-Energy-star rated.

Report data for all SKUs/model numbers/product codes that fall under each above definition.

If the DOE rated capacity for a particular SKU/model number/product code changed during the period, classify the SKU/model number/product code consistent with the capacity being advertised at the time of sale. Classify a large top mount combination refrigerator-freezer as Energy Star if it was being advertised as Energy Star at the time of sale.

Please report values as follows:

Total dollar values should be f.o.b. port and should not include U.S.-inland transportation costs. Report the U.S. f.o.b. sales value and quantity on an invoice basis (i.e., the quantity-weighted total of the prices indicated on the invoice for the product in question), and net of direct and indirect discounts (i.e., all discounts, incentives, allowances, rebates, promotional amount, cash incentives for retail sales personnel (SPIFFs) or other sales support, and/or any other form of payment or allowance to a retailer). Exclude any additional equipment provided that may be included in the invoice price.

Direct discounts are tied to sales of the specific large top mount combination refrigerator-freezer(s) for which pricing data are requested, whether or not such discounts are given on the sales price to the customer or are in the form of a post-sale discount, rebate or other type of sales support after the customer resells the product to its customer.

Indirect discounts, while not specifically tied to the products in question, are properly allocable to sales of such products because sales of such products were part of the basis on which the discount, incentive, allowance, etc. was given. In each case, the basis for the allocation of these allocated discounts, rebates, etc. should be the value of sales of the pricing product at issue as a percentage of the value of all the products sold by your firm to a customer that also qualified for the same discount, rebate, etc. Thus, for example, the value of a discount given to a customer because it reached an annual large top mount combination refrigerator-freezer sales target would be allocated over large top mount combination refrigerator-freezer sales to that customer.

Note: Items such as discounts, allowances, and rebates, which are included as adjustments to revenue, should be consistent with the company's accounting procedures; i.e., they should not include items that are treated separately as costs.

IV-2a. During January 2022-December 2024, did your firm produce and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

<input type="checkbox"/>	Yes. --Please complete the following pricing data table as appropriate.
<input type="checkbox"/>	No. --Skip to question IV-3.

IV-2b. **Price data.**--Report below the quarterly price data¹ for pricing products² produced and sold by your firm.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website at:

https://usitc.gov/reports/active_import_injury_questionnaires.

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission of further instructions.

- **Upload via Commission’s secure submission portal.**— The questionnaire must be uploaded in two formats: (1) a Microsoft Word 97-2003 document; and (2) a PDF copy of the complete questionnaire with a signature on the first page. Please include any attachments at the end of the PDF (e.g., APO certification, additional comments, etc.).

Web address: <https://usitc.gov/qportal> **Pin:** CHILL **Phase:** Final

- **E-mail.**— *E-mail the MS Word questionnaire to stamen.borisson@usitc.gov; include a PDF copy of the complete questionnaire with a signature on the first page. Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure submission portal and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

If your firm does not produce this product, please fill out page 1, print, sign, and submit a scanned PDF copy via the Commission’s secure submission portal or email.

Parties to this proceeding.— If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1802). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
