Susda is such a liar to the american public they dont tyransport animals to their deaths or to other sites humanely at all. these profiteers treat animals as widsgets in a factory and never give them a bit of water or to move their legs in days weks long transport. they lift of cows by the legs and put them on ships for months before the ship siinks. there is no decent transport for animals in the ussa. stop lying to the american people. we must get To a decent trnsport system but at present there is no decent transport system.

Subject: animals to have stop for water and food every 28 hours not observed ever

]most farm animals aer constantly abused. roasted to death in heated farmhouses. by the millinos. the usda is about profits not about gtreating living breathing animals that can feel pain decency or humane treatment.we need new regulations in this regard. what is going on is a damn shame. jean publiee jeanpublic1@yahoo.com

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by March 17, 2025 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting ``Currently under 30-day Review--Open for Public Comments'' or by using the search function. An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal Plant and Health Inspection Service

Title: Self Certification Medical Statement.

OMB Control Number: 0579-0196.

Summary of Collection: The United States Department of Agriculture is responsible for ensuring consumers that food and farm products are moved from producer to consumer in the most efficient, dependable, economical, and equitable system possible. Each year, the United States Department of Agriculture's Marketing and Regulatory Programs (MRP) agency hires individuals for commodity grading and inspection positions to ensure this process is efficient and effective. These positions often involve arduous conditions and require direct contact with meat, dairy, fresh or processed fruits and vegetables, and poultry intended for human consumption; and cotton and tobacco products intended for consumer use. 5 CFR part 339 authorizes an agency to request medical information from an applicant that may assist management with employment decisions concerning covered positions that have specific medical or physical fitness requirements. APHIS will collect the applicant's medical information using MRP Form 5 (Self-Certification Medical Statement).

Need and Use of the Information: The information collected from prospective employees assists MRP officials, administrative personnel, and servicing Human Resources Offices in determining an applicant's physical fitness and suitability for employment in positions with approved medical standards and physical requirements. If the information was not collected, APHIS would not be able to accurately determine the applicant's fitness to safely perform the duties of the covered positions.

Description of Respondents: Individuals.
Number of Respondents: 175.
Frequency of Responses: Reporting: On occasion.
Total Burden Hours: 31.
