E.O. 14168, "Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government," is illegal and only endangers women like me. It's not lawful to discriminate by sex nor gender and this executive order does exactly that.

I am a woman and an American citizen with a passport and I wish for all of my friends and family to be able to share the same privilege regardless of their sex or gender.

There is no such thing as gender ideology and the only thing here that can be described as extremist is executive order 14168.
