I would like to formally submit a comment regarding these forms, which appear to be in violation of the injunction issued against the State Department by the U.S. District Court for the District of Colorado in Zzyym v. Blinken (previously Zzyym v. Pompeo, Zzyym v. Tillerson, and Zzyym v. Kerry). This ruling deems such forms unconstitutional. Furthermore, enforcing this requirement contradicts decisions by the Supreme Court and multiple state courts that uphold the 14th Amendment's protections against gender-based discrimination, particularly in light of modern scientific understanding on the subject.
